

REAR SEAT ENTERTAINMENT SYSTEM WITH DUAL DVD PLAYERS

Advanced Dual-Screen Technology with Built-In Volvo Safety

Available for the XC90, 2005 and newer.

Available for the S60, V70, XC70 and S80, 2007 and newer.

Connectivity to games, MP3 players, iPods and more

7-Inch LCD Monitors with Adjustable Viewing Angles

The wide screen aspect ratio monitor is one of the brightest and clearest on the market today and it features adjustable viewing angles to reduce glare.

Two Integrated DVD Players

Each head restraint features a fully Integrated Bottom Slot Loading DVD Player that makes inserting and changing DVDs easy for children. It also prevents small objects like coins and small toys from getting stuck in the DVD units.

Viewing Flexibility

Advanced dual-screen technology provides users the option of viewing DVDs, listening to music or playing games SIMULTANEOUSLY on both monitors or INDEPENDENTLY on individual monitors.

Easy bottom slot loading

Connectivity

Plug your iPod, MP3 player, game system or other device directly into the RCA A/V Inputs available on each display (additional cables or adapters may be needed).

Wireless Headphones

Two wireless stereo headphones are included and can be used for either display. The driver and front passenger can enjoy peace and quiet or choose their own listening pleasure through the car's audio system.

FM Transmitter

Listen to either Rear Seat Entertainment unit through the car's audio system.

Wireless Remote Control

A full-function remote control operates either display.

Volvo Safety

This Rear Seat Entertainment System was designed with occupant safety in mind and has successfully passed our rigorous crash safety tests.
