The Volvo V70 & S80 range at a glance.

V70 ES

The ES aims to spoil. Beyond the innovative City Safety technology, the interior boasts supportive seats with Sundby Textile/T-Tec upholstery, electronic climate control and aluminium trim. Then there's the 6 speaker performance audio system with 80W output, a 5 inch integrated colour display screen and features such as cruise control and DSTC (Dynamic Stability Traction Control). On the outside, 16" Oden alloy wheels, front fog lights and a chrome window trim surround make sure your presence doesn't go unnoticed.

SE

The SE model delivers luxury with leather-faced upholstery and an 8 speaker high performance audio system with 160W output and features such as automatic rain sensor, autodimming rear view mirror and bluetooth. On the outside, 17" alloy wheels, retractable rear view mirrors, rear park assist and a power operated tailgate for the V70 enhance the exterior style.

SE LUX

The SE Lux adds a power adjustable driver's seat and power folding rear headrests as well as an integrated satellite navigation system (including two free annual map updates) and a 7 inch colour display screen. The exterior benefits from active bending xenon lights and headlight cleaning as well as silver roof rails on the V70.

V70 R-DESIGN

The R-Design model combines the luxury features of the ES, with sports styling and handling enhancements. Unique power steering system and 18" Ixion alloy wheels together with the unique R-Design chassis upgrade the handling characteristics. Visual presence is further enhanced with unique rear exhaust pipes, R-Design leather-faced upholstery, front sports seats with side support, a R-Design leather steering wheel and unique aluminium interior trim.

S80 EXECUTIVE

The Executive is the ultimate Volvo S80 variant. Elegant 18" Magni alloy wheels differentiate the refined exterior, whilst the unique walnut wood executive console extends a warm welcome to the interior along with ventilated soft leather upholstery with massage function. Additional features include rear headphone sockets with heated rear seats and front park assist.

NAV

All Nav models include a fully integrated satellite navigation system with voice activated control, high performance multimedia audio player, bluetooth, a 7" colour display screen and DVD player. As well as full European mapping, two complimentary annual map updates are included (register at www.navigation.com/volvomapcare).

All 'On The Road' prices quoted in this price list include Volvo standard national delivery charge, inclusive of number plates and VAT at £550 and vehicle tax as of 1st April 2012 (as set by the government). This charge does not include any provision for fuel. The 'On The Road' price also includes a £55 vehicle first registration fee (as set by the government - excludes Channel Islands and Isle of Man). Recommended retail prices quoted do not include these additions.

Standard features. The right equipment.

INSURANCE RATINGS Insurance ratings may vary depending on model line and specification. For details, please refer to: www.thatcham.org/abigrouprating

- (i) For best performance and lowest fuel consumption 98 RON is recommended, 95 RON can be used for normal driving.
- (ii) The results do not express or imply any guarantee of the fuel consumption of a particular car.
- (iii) Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved.
- (iv) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.
- (v) All diesel models are fitted with a particulate filter.

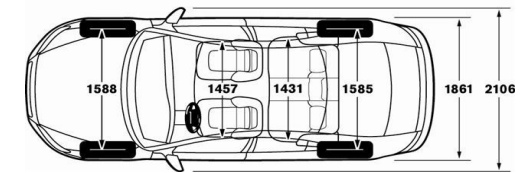

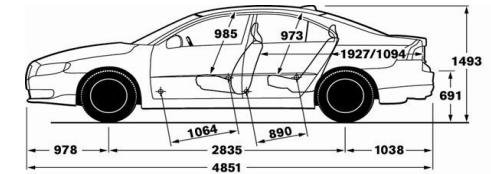

Notes

The weight of the vehicle will influence the level of CO₂ emitted and as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. However, vehicle tax is paid according to the weight and CO₂ emissions of the standard vehicle, as published in this price list.

A weighbridge must be used to determine specific weights. Data valid for manual transmission unless specified.

Auto = Geartronic Automatic Transmission (D3/D4/D5/T6) or Powershift Automatic Transmission (D2)
