As a maintenance customer you want scheduling convenience and value pricing. **Volvo Express Service** gives you just that! It's a no-appointment-necessary, while-you-wait program for these common service items:

- Oil & Filter
- Brake Service
- Tires
- Wiper Blades
- Battery Service
- Exterior Lighting
- Exhaust
- Passenger Compartment Air Filter

## YOU GET ALL THE ADVANTAGES

Volvo factory-trained Technicians, Volvo Genuine Parts, convenient hours, competitive pricing and "no appointment necessary" scheduling – it's an unbeatable combination. And it's all backed by Volvo's 24-month warranty on the parts and the repair.\*

While the **Volvo Express Service** is being performed, you can either relax in the waiting area or tour the showroom. Included in the Express Service experience is an inspection of wearable items under the hood and undercarriage, as well as tires and brakes. You can ask questions about your car and have them answered by the Technician servicing it. It's a great way to get a better understanding of what makes a Volvo such a special automobile.

Remember, **Volvo Express Service** is not a substitute for the recommended Factory Scheduled Maintenance. Please see your Owner's Manual for details.
