Fully Electric Models
Warranty and Maintenance Records Information

VOLVO

QUALITY – SAFETY – DURABILITY – VALUE

The Volvo organization welcomes you to the Volvo family and thanks you for purchasing your new Volvo.

From Design, Engineering, and Manufacturing to support activities in Parts, Service, and Sales, high standards have been set to help ensure your satisfaction and pride as an owner of a Volvo.

The warranties described in this booklet assure you that we stand behind our products and services. To help protect your investment, please pay close attention to the section describing owner's responsibilities for proper service and maintenance.

Your Owner's Manual fully explains the functions, operation and comfort features of your Volvo. It should be reviewed by you and others who may have occasion to drive your Volvo.

We wish you many years of safe and pleasurable driving in your new Volvo.

All information and specifications contained in this manual are based on the latest product information available at the time of publication. Volvo reserves the right to make model changes at any time, or to change specifications or designs without notice and without incurring obligation. Your authorized Volvo retailer should be contacted with any questions you may have.

SERVICE AND MAINTENANCE

Customer Support and Assistance

Your satisfaction with Volvo products and services is of prime importance. Volvo takes pride in producing a quality vehicle, and our efforts are supported by a strong retailer network.

Should you have any questions concerning service or your Volvo's performance, your retailer will be happy to answer them for you.

General Information

We suggest you keep records of all your interactions with the retailer referencing maintenance and repair to your vehicle:

- Dates of conversations and with whom
- Invoices
- Maintenance Records
- Repair Orders

If, however, a situation arises that you believe has not been addressed to your satisfaction, we ask that you take the following steps:

1. Discuss the matter with the appropriate department manager at the retail facility (Service Manager, Parts Manager, etc.). Explain exactly what caused the problem and ask what action will be taken. If the matter remains unresolved after a reasonable length of time, then
2. Discuss the matter with the General Manager, explaining what occurred in Step #1.
3. If the concern has still not been addressed to your satisfaction, please contact Volvo's Customer Care Center. You may contact us via phone, mail or e-mail. The Customer Care Center will need the following information from you:

- Your name, address, and daytime telephone number
- Vehicle Identification Number (found on your Vehicle Registration Card, Vehicle Certificate of Ownership, and located on the upper left corner of the dashboard)
- Date of purchase and current mileage
- Retailer's name (Selling and/or Servicing Retail Facility)
- Description of the problem

NOTE

In the U.S. –

In certain states, the consumer may be required to provide written notice of an alleged nonconformity to Volvo. In certain states, Volvo may be required to notify the consumer if the consumer is required to first resort to an informal dispute procedure.

In the U.S. and Canada contact:

Volvo Car USA LLC

Customer Care Center

FR-CA: https://www.volvocars.com/fr-ca/support/

Mediation/Arbitration Program (for Canada only)

If you feel that the efforts by Volvo and the retailer to resolve a factory-related vehicle service concern have been unsatisfactory, Volvo Car Canada Limited participates in an impartial third-party mediation/arbitration program administered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP).

The CAMVAP program is a straightforward alternative to resolve a disagreement when all other efforts to produce a settlement have failed. This procedure is without cost to you and is designed to eliminate the need for lengthy and expensive legal proceedings.

In the CAMVAP program, impartial third-party arbitrators conduct hearings at mutually convenient times and places in an informal environment. These impartial arbitrators review the positions of the parties, make decisions and, where appropriate, render awards to resolve disputes. CAMVAP decisions are fast, fair and final as the arbitrator's award is binding on both you and Volvo Car Canada Limited. The CAMVAP services are available in all Canadian territories and provinces. For more information, without charge or obligation, call your CAMVAP provincial administrator directly at 1-800-207-0685, or visit their website at www.camvap.ca.

2027 Service and Maintenance Requirements

Customer Preparation Service

Your Volvo has received a comprehensive Customer Preparation Service. Your retail facility has performed a Pre-Delivery which includes a complete inspection and servicing of your vehicle. The Pre-Delivery (PDS) is a key part of a comprehensive maintenance schedule developed by Volvo for your vehicle.

Cabin Air Filter All Models

- Replacement every 20,000 miles/32,000 kilometers (25,000 miles/40,000 kilometers for EX60 models)

Maintenance Scheduling

Maintenance intervals have usually been determined by accumulated mileage. As driving conditions and operational demands differ, these factors have a major influence on routine maintenance. For these reasons Volvo recommends that your maintenance schedule services be based on a combination of time and mileage.

The Text Window in the instrument panel will display a message when vehicle maintenance is required.

1st display when maintenance interval is near: "Book time for maintenance"

2nd display when maintenance is required: "Time for maintenance"

3rd display when maintenance is overdue: "Maintenance overdue"

The MINIMUM SCHEDULED MAINTENANCE, for which you are responsible, begins at 20,000 miles/32,000 kilometers (25,000 miles/40,000 kilometers for EX60 models) or every 24 months, whichever comes first.

Volvo recommends that you bring your vehicle in for service at least once every 24 months regardless of mileage. For service intervals beyond 140,000 miles/224,000 kilometers, consult your authorized Volvo retailer.

A maintenance Service Operations Chart details these service requirements. See the article "Maintenance Service Operations" in this booklet.

Service Support

Discuss your vehicle's special servicing needs with your Volvo Retail Facility's Service Staff. They can tailor a maintenance program based on your requirements. Your Volvo Retailer has access to the latest up-to-date technical information, special tools, and advanced training for their technicians.

This support is an important advantage to you, the Volvo owner, as systems become more sophisticated and intricate.

Servicing your Volvo should be done at your convenience. Therefore, plan to make your appointments ahead of time so that your retailer can schedule the right personnel and equipment to be available for the work your Volvo requires.

Should you have any questions concerning service, parts, or warranty coverage, your Volvo retailer will be happy to answer them for you. Should you require additional information, they can further assist you by contacting Volvo's Regional personnel for clarification.

Remember – you should always exercise your right to:

- Receive an estimate of costs before any repair work is performed;
- Receive prior notification of any additional repairs;
- Receive a copy of the repair order, including those for warranty repairs;
- Review repairs completed under warranty.

Servicing

Items you should check at regular maintenance intervals and periodically when recharging:

- Washer fluid
- Tire inflation pressure
- Brake system fluid levels
- Exterior lights (headlights, turn-signals, etc.)

Maintenance/Service Records

The following pages contain the service interval records section.

A Word About Your Service Records

After each service is performed, your authorized Volvo retailer will validate the appropriate record section by entering the date serviced, mileage, representative signature, and the retailer stamp.

> **NOTE**
>
> It is your responsibility, and extremely important for you to retain documentation of all service or warranty repairs to your Volvo (including work performed by you as well as by non-authorized repair facility), in the event that questions regarding warranty coverage arise.

Volvo Genuine Parts... Keep Your Volvo a Volvo

Regardless of where you service your Volvo, make sure Volvo Genuine Parts are used to assure the safety and high quality of your vehicle.

From replacement lamps, complete assemblies to useful accessories, all Volvo Genuine Parts are rigorously tested to ensure the reliability and durability you have come to expect from Volvo products.

You won't have to worry about compromising the special safety features originally built into your Volvo when you insist on using only Volvo Genuine Parts for all service, maintenance, and repairs performed on your vehicle.

Volvo Genuine Parts are available at authorized Volvo retailers located throughout North America. Experienced and knowledgeable people will help you be certain that your Volvo remains a Volvo.

NOTES

Overseas Operations/Global Special Sales

General information

The warranties provided in this booklet are for 2027 Volvo passenger vehicles built to U.S. or Canadian specifications sold by Volvo Car USA LLC or Volvo Car Canada Limited and normally operated and registered in any of the 50 states of the U.S., the District of Columbia, any territories or commonwealths of the United States, or any territories or provinces of Canada. Volvo Car Corporation is responsible for meeting the warranty obligations set forth in the 2027 Warranty and Maintenance Records Information Manual.

Travel Outside of the U.S. and Canada

Should warranty repairs be required while you are temporarily abroad, bring your Volvo to any authorized Volvo retailer for repairs. These repairs will be covered under the Volvo Car USA LLC New Vehicle Limited Warranty or the Volvo Car Canada Limited New Vehicle Warranty.

Registration Outside of the U.S. or Canada

Your vehicle has been developed and designed to meet all laws, regulations and conditions in the 50 states of the U.S., the District of Columbia and their territories or provinces of Canada. If the vehicle is later imported to another country, Volvo Cars is not responsible for making any adjustments and accepts no responsibility or liability in the event the following circumstances arise:

1. The imported vehicle does not meet the national laws, conditions or specific requirements of the country in which the vehicle has been imported into, including any consequential penalties imposed as a result of such non-compliance by any governmental or regulatory authority;
2. The imported vehicle suffers a breakdown or mechanical failure as a result of local market laws, regulation or conditions (e.g., range, temperature) for which the imported vehicle has not been conditioned or manufactured to meet.

NOTE

Not all cars can be modified to meet national laws and market conditions outside the market the vehicle was originally intended for. Please contact your authorized Volvo retailer for assistance.

Tourist and Diplomat Sales

U.S. and Canadian specification vehicles sold by Volvo OSD or GSS for ultimate use in the U.S. or Canada and operating abroad are covered by the Volvo Car USA LLC New Vehicle Limited Warranty or the Volvo Car Canada Limited New Vehicle Warranty.

WARRANTY

Volvo's 2027 New Vehicle Warranties

Fully Electric Models

New Vehicle Limited Warranty (U.S.) **New Vehicle Warranty (Canada)**	4 years/50,000 miles/80,000 kilometers
Battery Warranty (12V)[A]	4 years/50,000 miles/80,000 kilometers, Full Coverage
High Voltage Battery for EX30 and EX90	8 years/100,000 miles/160,000 kilometers
High Voltage Battery for EX60[B]	10 years/150,000 miles/240,000 kilometers
High Voltage Battery System (page 25)	8 years/100,000 miles/160,000 kilometers
Federal Emissions Performance Warranty – U.S. Only	8 years/80,000 miles
Adjustments	1 year/12,000 miles/20,000 kilometers
Seat Belts and S.R.S.[C]	5 years/unlimited mileage/kilometers
Corrosion Protection	12 years/unlimited mileage/kilometers
Volvo Assistance Warranty Coverage, U.S./Canada	4 years unlimited mileage (refer to the separate booklet in the Owner's Wallet)
Volvo Roadside Assistance	Complimentary towing provided for all out-of-warranty vehicles to an authorized Volvo retailer, within a 25-mile/50-kilometer radius

A Remote Keyless Entry batteries are not covered under warranty.
B Excludes Serviceable High Voltage Battery Components. See page 26 for coverage limitations.
C In the U.S., some states have mandated alternate warranty coverage for seat belts only. Contact your Volvo retailer for details of local requirements.

Things You Should Know About Your Volvo Warranties

Where Volvo Warranties Apply

The Warranties described in this booklet apply to new 2027 model year Volvo passenger vehicles. The vehicle must have been originally sold by Volvo Car USA LLC,[1] or Volvo Car Canada Limited[1] and registered and operated in any of the 50 states of the U.S., the District of Columbia, any territories or commonwealths of the United States, or any territories or provinces of Canada. Any remaining portion of the warranties is fully transferable to subsequent owners free-of-charge.

Previously Owned Volvos

If you have purchased a previously owned Volvo and the New Vehicle Warranty has not expired, you are entitled to the remaining portion of that warranty. Please refer to the sections "Volvo Ownership Change Request (U.S. ONLY)" or "Volvo Owner Information Update Request (Canada only)" in this booklet for information on how to provide the changed ownership information.

Warranty Repairs

Warranty repairs which are required as a result of defects in material or workmanship, and are brought to the attention of an authorized Volvo retailer by an owner, will be performed by an authorized Volvo retailer only at no charge during the warranty period.

To obtain repairs under warranty, contact an authorized Volvo retailer and explain the condition. We recommend your selling retail facility as they are most familiar with your car, its service history, and your driving habits. Have the maintenance records section of this booklet and service records available.

Diagnosis and evaluation of the symptoms and conditions will be made by any authorized Volvo retailer.

Only repairs/diagnosis deemed by the retailer to be covered under warranty will be made within a reasonable period of time during normal business hours. **Parts will be repaired or replaced by an authorized Volvo retailer only, using genuine Volvo new or remanufactured parts or software, at Volvo's discretion.** These are the recommended parts for your Volvo. They meet the same design and quality standards as those components originally installed in your vehicle. All parts replaced will become the property of Volvo for technical material analysis or other usage.

Repairs required because of damage, misuse, abuse, collision, normal wear and tear, incomplete or improper maintenance are not covered by the warranties. Also, specific items noted within each section of the warranties under "What Is Not Warranted" are excluded and will not be considered.

Owner's Responsibilities:

Maintenance/Servicing

You are responsible for the following maintenance requirements:

- The operation, maintenance, and care of your Volvo according to the instructions and requirements listed in your Owner's Manual and Warranty and Maintenance Records Information booklet.
- The parts/systems which require seasonal servicing or replacement at recommended maintenance intervals, such as (but not limited to) air conditioning recharge, cleaning, polishing, lubricants, and replacement of consumable and wear items.
- The cost of parts and/or labor for required maintenance services including (without limitation) items listed for your model's initial service and subsequent maintenance service intervals.
- Keeping a copy of all repair orders and receipts as well as a record of all maintenance services performed. Records of these services will be required for substantiation of proper maintenance.

[1] Volvo Car USA LLC, Volvo Car Canada Limited are sometimes referred to in this booklet as "Volvo." All such references to "Volvo" are intended to refer to Volvo Car Corporation, Volvo Car USA LLC, and/or Volvo Car Canada Limited.

When You Take Delivery
Defect or damage to paint, sheet metal, upholstery, or other appearance items that may occur prior to delivery usually are corrected during the inspection process at the assembly plant and the retailer facility. In the event you find any of these concerns when you receive your vehicle, notify your retailer without delay.

Production Changes
Volvo reserves the right to make changes in or additions to passenger cars manufactured and/or sold by Volvo at any time without incurring any obligation to make the same or similar changes to passenger cars previously manufactured or sold by Volvo.

Maintenance & Servicing
It is recommended that you use your authorized Volvo retailer for maintaining and servicing your vehicle. Your Volvo retailer employs factory trained technicians and is focused on offering you the best overall experience with your new Volvo product. Additionally your authorized Volvo retailer is prepared to make sure that any revisions or upgrades, as required by Volvo, will be performed on your vehicle. (This excludes upgrades of a cosmetic nature which are made to the car over time. See also “Production Changes.”)

Volvo’s 2027 New Vehicle Limited Warranty–U.S./New Vehicle Warranty–Canada

What Is Warranted
Volvo warrants that repairs required to Volvo passenger vehicles due to defects in material or workmanship and occurring under normal use will be made at no charge for parts and/or labor during the warranty period. Those parts and services not covered are detailed in this section and should be carefully reviewed.

Limitations
No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province. **Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article “Limitations and Disclaimers” in this booklet.

The Warranty Period—4 Years/50,000 Miles/80,000 Kilometers
The warranty period for repairs is 4 years or 50,000 miles/80,000 kilometers, whichever occurs first.

Unless otherwise dictated by state law, the warranty starts on the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first.

Unless otherwise dictated by state law, vehicles placed into Retailer Demonstrator Service will receive the remainder of the New Vehicle Limited Warranty (U.S.), New Vehicle Warranty (Canada) period when retailed.

Certain components are covered by specific warranties, such as the High Voltage Battery System Warranty.

Genuine Volvo Accessories
If a Volvo-approved accessory is purchased and installed by a Volvo retailer as part of your new vehicle purchase, the warranty period is 4 years or 50,000 miles/80,000 kilometers, whichever occurs first. The warranty period will start and run concurrently with the New Vehicle Limited Warranty. If a Volvo-approved accessory is installed by a Volvo retailer after your new vehicle purchase, it will be warranted for the balance of your New Vehicle Limited Warranty period, or for a period of 2 years from the date of installation, whichever is longer. Accessories purchased but not installed by a Volvo retailer will be covered for a period of 2 years from the date the part was originally purchased. Some genuine Volvo parts/accessories are covered by their own specific limited warranty for a different period. For those parts/accessories, the applicable warranty is supplied at the time of purchase, including a list of conditions and limitations.

Customer Assistance

Should you have questions regarding the warranties or repairs, please review the article "Customer Support and Assistance" in this booklet for owner information and instructions.

Non-commercial vehicles are covered by Volvo Assistance, a roadside assistance program which provides coverage for some specific items not covered by the warranties (e.g., towing). A separate booklet describing this program is supplied in your Owner's Wallet.

Wear and Tear Items

As part of your vehicle's normal service and maintenance requirements, certain parts may need to be replaced due to wear and tear. Since these parts are consumed at varying rates, replacement is based on the operation and condition of your vehicle and on fixed schedules under normal operation and use of your vehicle. These items include, but may not be limited to, the following list: filters, fuses, belts, brake pads, brake rotors, wiper blades, shock absorbers, floor mats, upholstery/rugs, etc.

Replacement of these items are the owner's responsibility, with the exception of those items covered during the Adjustments Coverage Period (see the following section), under the terms of the New Vehicle Limited Warranty Brake Pad Wear Policy, or where specific manufacturing defects may be demonstrated.

Adjustments Coverage

Adjustments which are refinements to the original factory fittings and alignments, and which are required as part of the break-in period, will be made during the Adjustments Coverage Period. Exceptions are items covered under normal maintenance services, including Pre-Delivery or items excluded in the New Vehicle section. The duration of the adjustment coverage is 12 months or 12,000 miles/20,000 kilometers, whichever occurs first.

The term "Adjustments" as used in this warranty refers to minor repairs not usually associated with the replacement of parts or normal maintenance service items. Parts which are covered for replacement because of wear during the Adjustments Period only are: brake pads, brake rotors and shock absorbers. These items may also be covered under the Basic Warranty Period, or the Limited Warranty Brake Pad Wear Policy, if manufacturing defects cause the failure. Examples of labor-only repairs which are covered during the Adjustments Period are wheel balancing, window regulator adjustment and hood adjustment.

What Is Not Warranted

Tires

- Tires fitted to the vehicle as original equipment are warranted separately by the tire manufacturer. Therefore, any adjustments must be handled through their authorized service outlet.
- The applicable tire warranty booklet is in the Owner's Wallet.

Routine Maintenance and Services

- Repairs which are required because of a lack of maintenance, or improper maintenance. Correct maintenance procedures are referenced in your Owner's Manual or the Warranty and Maintenance Records Information booklet.
- Scheduled or unscheduled maintenance services.

Damage/Deterioration/Corrosion

- Vehicles severely damaged and/or declared to be a total loss by an insurer.
- Vehicles substantially reassembled or repaired from parts obtained from another vehicle previously in operation.
- The use of fluids which do not meet the Volvo-approved standards as set forth in the Owner's Manual or Volvo Service Literature.
- Failures resulting from misuse, abuse, negligence, overloading, modifications (including the electronic management system(s)), accidents or racing.
- Defects or failures resulting from the use of new parts not sold or approved by Volvo, or used parts, or the resultant damage to associated parts or systems.
- Defects or failures resulting from incorrect diagnosis by an independent repair shop.
- Failures resulting from continued operation of the vehicle after a warning light, gauge reading, or other indication advises of a mechanical or operational problem (e.g., dash instrumentation indicates a system fault).
- Environmental damage to the vehicle's surface which is beyond Volvo's control, such as airborne fall-out (including chemicals, tree sap, etc.) or other atmospheric conditions, hailstones, road hazards, stone chips or other acts of nature. Exterior painted surfaces are covered by the Corrosion Protection Limited Warranty. See the article "Volvo's Corrosion Protection, Limited Warranty–U.S./Warranty–Canada" in this booklet.
- Damage to the interior (soft trim, upholstery, and seating areas) resulting from normal wear and tear, misuse, abuse, or negligence.

Glass

Glass breakage, unless it occurs because of defects in material or workmanship.

Odometer Tampering

Repairs on vehicles for which the true odometer mileage cannot be readily determined.

Inconvenience/Incidental Charges

The loss of vehicle use, loss of time, telephone calls, towing, lodging, car rental, food, and other incidental and consequential damages.

NOTE

Parts replaced free of charge under the terms of the New Vehicle Limited Warranty (U.S.), New Vehicle Warranty (Canada) are not subject to the warranty coverage of the Genuine Volvo Replacement Parts and Accessories Limited Warranty. Those parts will be warranted for 90 days or the remainder of the New Vehicle Limited Warranty (U.S.), New Vehicle Warranty (Canada), whichever is greater.

Batteries

12 Volt

Under the New Vehicle Limited Warranty, the original equipment 12 volt batteries installed in your 2027 Volvo are covered against defects in parts and labor for 4 years or 50,000 miles/80,000 kilometers, whichever occurs first.

Use of Certified Aftermarket Parts

The use of a properly installed certified aftermarket part will not, by itself, be a basis to deny a valid Emissions Performance Warranty claim.

Certified parts are parts certified under the EPA aftermarket part certification regulations.

Maintenance, replacement, or repair of emission control devices and systems may be performed by any automotive repair establishment or individual using any certified part.

A claim may be denied based on an uncertified aftermarket part only if the manufacturer can demonstrate the uncertified part caused the vehicle to fail to meet applicable emission standards, consistent with the applicable criteria (including the written documentation requirements) and the applicable limitations.

Parts not required to be replaced at a definite interval are warranted for the full term of the warranty mandated by the Act.

High Voltage Battery System
The coverage under this warranty is for 8 years or 100,000 miles/160,000 kilometers, whichever occurs first, from the vehicle's original in-service date. The following items are covered:

- High Voltage Battery Module
- Electric Front Axle Drive (EFAD)
- Electric Rear Axle Drive (ERAD)
- Battery Energy Control Module (BECM)
- Combined Voltage & Temperature Node (CVTN)
- Battery Disconnect Unit (BDU)

NOTE

Batteries are subject to natural wear-out due to aging and usage. If the battery State of Health is lower than 70% of original status (according to specification) at 8 years or 100,000 miles/ 160,000 kilometers, whichever occurs first, the battery will be replaced free of charge. In some cases a battery module or the complete battery will be replaced by a reconditioned unit. In that case the reconditioned unit will have the same or better State of Health as before the problem occurred.

Refer to your Owner's Manual for instructions on how to display the High Voltage Battery State of Health.

Limitations and Disclaimers

ALL OF THE WARRANTIES (LIMITED, U.S. ONLY) IN THIS BOOKLET ARE SUBJECT TO THE FOLLOWING LIMITATIONS AND DISCLAIMERS:
Volvo's written warranty is exclusive and in lieu of all other warranties, whether oral or written, expressed or implied.

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this limited warranty, U.S.; warranty, Canada.

Volvo does not authorize any individual or corporation to create for it any obligation, liability or other warranty in connection with this vehicle.

Volvo shall not be liable for incidental, special, consequential, or other similar damages arising out of any breach of this written warranty.

Volvo shall not be liable for any damages caused by delay in delivery or furnishing of any products and/or services.

Volvo's liability, if any, for product(s) furnished under this warranty shall in no event exceed the cost of correcting defects in the product(s) as herein provided and upon the expiration of this warranty, any such liability shall terminate.

NOTE

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state, province to province. Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

High Voltage Battery Warranty

The High Voltage Battery is covered from the date the vehicle is delivered to its first owner for 8 years or 100,000 miles/160,000 kilometers, whichever comes first, or if the battery's State of Health (SoH) drops below 70% of its original capacity due to any manufacturing or material defect. In these instances, the High Voltage Battery (400 volts and above) will be repaired or replaced free of charge by an authorized Volvo workshop. The battery warranty covers repairs required to return the battery capacity to at least 70% of the original capacity.

The lithium battery fitted to Volvo Cars will, like all other lithium batteries, gradually lose capacity over time and with use. Loss of battery capacity due to normal, gradual aging is not covered by Volvo's new car warranty.

All fully electric models are covered under this base High Voltage Battery Warranty; for EX60 and EX60 Cross Country models, an additional two-year extension applies as described below.

Exclusions – High Voltage Battery Warranty

The following conditions are not covered under the High Voltage Battery Warranty:

- Dented, broken, or chipped containers or covers
- Bent, broken, or melted posts or connectors
- Spilled or low coolant levels
- Damage resulting from misuse, abuse, negligence, modifications, accidents, racing, collision, fire, or explosion
- Damage resulting from improper installation of charging equipment, use of non-approved charging devices, or charging conditions outside Volvo specifications
- High voltage battery component or software used in a vehicle it was not approved for
- Battery failures on dealer stock vehicles resulting from failure to perform required stock maintenance, and battery failures on vehicles in storage resulting from failure to follow applicable user manual instructions, which are not due to a component defect, are not warrantable.
- Extreme environmental exposure
- Exceeding the vehicle's towing capacity

Extension – High Voltage Battery Warranty

The EX60 and the EX60 Cross Country are the only models to receive a two-year extension of the High Voltage Battery Warranty (for a total of 10 years or 150,000 miles/240,000 kilometers) under the same terms set out above.

To support system and software monitoring, Volvo may perform informational high voltage system check ups during scheduled maintenance visits at authorized Volvo retailers. While service at a Volvo retailer is not required to maintain warranty coverage, Volvo recommends authorized retailers to help ensure optimal system performance.

- Any defects or concerns related to the High Voltage Battery must be reported without unreasonable delay. When inspection or warranty repair is required, the vehicle must be made available to an authorized Volvo retailer.
- The customer must follow the maintenance, charging, and storage practices outlined in the Owner's Manual and applicable warranty documentation.
- Reasonable records related to maintenance, service, and repairs relevant to the High Voltage Battery should be retained to support any warranty claim.

Serviceable High Voltage Battery Components (Coverage Limitation)

Serviceable High Voltage Battery components that can be repaired or replaced individually, other than replacement of the complete High Voltage Battery assembly, are not covered under the two-year EX60 or EX60 Cross Country extension. These components remain covered only under the base High Voltage Battery warranty of 8 years or 100,000 miles/160,000 kilometers and are not eligible for the extended 10-year coverage. Only the complete High Voltage Battery assembly qualifies for the two-year extension.

Bidirectional Charging

Using bidirectional charging on your BEV, when done in accordance with Volvo Cars guidelines, does not affect the High Voltage Battery warranty. Any impact on the health of your High Voltage Battery is minimized through Volvo Cars' battery management software. To provide full High Voltage Battery warranty coverage, Volvo Cars may control and/or limit bidirectional charging to protect battery SoH. Further details can be found in your User Manual.

Federal Emissions Performance Warranty–U.S. Only

The components listed in the chart below are covered for 8 years or 80,000 miles (whichever occurs first).

EX90 Models

AC Delivery Pipe
AC Electric Compressor
AC Evaporator Expansion Valve
AC Expansion Valve
AC Hose with Temperature Sensor
AC Pressure & Temperature Sensor (High & Low Pressure)
AC Solenoid Valve for Heat Pump
Accelerator Pedal Position Sensor
Ambient Temperature Sensor
Battery Coolant Pump
Brake Fluid Level Sensor
Chiller Outlet, Pressure & Temperature Sensor
Climate Control Valve Module 3 (Climate Ciruit to Battery Circuit)
Climate Coolant Valve
Compartment Coolant Pump
Compressor Inlet/Outlet Pressure & Temperature Sensor
Control Unit, Passenger Door (PDM)
Coolant Temperature Sensor in Climate Circuit before & after CCVM
Coolant Temperature Sensor in Electric Drive Circuit and after Radiator
Coolant Valve - Electric Drive
Electric Drive Coolant Pump

EX90 Models

Electric Drive Valve
Electric Front Axle Drive
Electric Motor Cooling Regulator Valve
Electric Rear Axle Drive
Electric Vehicle Inlet (EVI)
EVI Actuator
Front Electric Drive Actuator
Front Input/Output Controller (FIOC)
Grid Communication Charging Control Module (GCCC)
High Low Voltage Conversion Module (HLCM)
High Voltage Battery (Assembly)
High Voltage Coolant Heater
Hydraulic Brake Control Unit
Inverter High Voltage Front Axle (IHFA)
Inverter High Voltage Rear Axle (IHRA)
Oil Pump for Rear Electric Axle Drive
On Board Charger (GHCA)
Radiator Bypass Valve
Radiator Cooling Fan
Smart Power Distributor
SRS Unit
Steering Gear (PSCM)
Steering Wheel Angle Sensor
Temperature Sensors for Axle, Cooling System – Battery/Electric Powertrain

EX90 Models

Vehicle Computational Unit
Vehicle Integration Unit (Driver Side)
Vehicle Integration Unit (Front)
Vehicle Integration Unit (Passenger Side)
Water Condenser Bypass Valve
Wheel Speed Sensors

Owners of fully electric Volvo vehicles may obtain additional information regarding their federal emission related warranties, or may report potential violations of the terms of these warranties provided under 42 U.S.C. 7541(a) and (b), by contacting the U.S. Environmental Protection Agency. You may reach the Director, Compliance Division, Environmental Protection Agency, at:

U.S. EPA – Compliance Division
2000 Traverwood Drive
Ann Arbor, MI 48105
Attention: Warranty

You may also contact the EPA by email at:
complianceinfo@epa.gov

Miscellaneous items used in above systems

Hoses, clamps, fittings, tubing, sealing gaskets, fuses and wiring harnesses used with the components listed above.

EX60 Models

A/C Condenser Coolant Temperature Sensor(Inlet & Outlet)
AC Condenser Expansion Valve
AC Electric Compressor
AC Evaporator Expansion Valve
AC Pressure & Temperature Sensor (Low & High Pressure)
Battery Coolant Temperature Sensor
Brake Control Module – Electronic Stability
Chiller Electrical Expansion Valve (EXV)
Coolant Bypass Valve – A/C Condenser (CCVC)
E Drive Coolant Temperature Sensor
Electric Drive Coolant Temperature Sensor – After Pump & After Radiator)
Electric Front Axle Drive
Electric Rear Axle Drive
Electric Vehicle Inlet (EVI)
EMI Noise Suppression Filter – NACS Charging
Grid Communication Charging Control Module (GCCC)
High Voltage Battery (Assembly)
High Voltage Battery Module
High Voltage Coolant Heater
High Voltage Battery Coolant Temperature Sensor (Inlet & Outlet)
Hydraulic Brake Control Unit
Integrated Coolant Module (IPVM)
Inverter High Voltage Front Axle (IHFA)
Inverter High Voltage Rear Axle (IHRA)
Power Delivery Boxes
Powerbox 22 kW (NACS) – Power Electronics Module

EX60 Models

Radiator Cooling Fan
Refrigerant Control Valve Module (Electric)
Refrigerant Flow Distribution Valve – Bypass
Refrigerant Flow Distribution Valve – Condenser
Refrigerant Flow Distribution Valve (Bypass & Condenser)
SRS Unit
Steering Gear (PSCM)
Tail I/O Controller (TIOC) – Control Unit
Vehicle Computational Unit
Wheel Speed Sensors
Zone Controller (Left / Right)

Miscellaneous items used in above systems

Hoses, clamps, fittings, tubing, sealing gaskets, fuses and wiring harnesses used with the components listed above.

EX30 Models

A/C Accumulator
A/C Hose to Compressor (Inlet Only)
A/C Hose to Compressor (Outlet with Solenoid Valve Only)
A/C Hose to Condenser (Inlet and Outlet)
A/C Hose to Evaporator (Inlet and Outlet) Including Sensor
AC Delivery Pipe
AC Expansion Valve
AC Hose with Temperature Sensor
AC Solenoid Valve for Heat Pump
Accelerator Pedal Position Sensor
Ambient Temperature Sensor
Battery Coolant Pump
Battery Coolant Temp Sensor (Inlet and Outlet)
Brake Control Module
Brake Fluid Level Sensor
Chiller Outlet, Pressure & Temperature Sensor
Climate Coolant Valve
Climate SOV1 and SOV3 Solenoid Valve
Combined Battery Charger OBC and DCDC
Compartment Coolant Pump
Compressor Inlet/Outlet Pressure & Temperature Sensor
Condenser Expansion Valve
Control Unit, Passenger Door (PDM)
Coolant Temperature Sensor in Climate Circuit before & after CCVM
Coolant Temperature Sensor in Electric Drive Circuit and after Radiator

EX30 Models

Coolant Valve - Electric Drive
Electric AC Compressor
Electric Drive Coolant Pump
Electric Drive Valve
Electric Motor Cooling Regulator Valve
Electric Vehicle Communication and Control Module
Electric Vehicle Inlet (EVI)

Genuine Volvo Replacement Parts and Accessories, Limited Warranty–U.S./ Warranty–Canada

What Is Warranted

Volvo warrants to the retail purchaser of each new genuine Volvo replacement part and accessory, that such part or accessory will be free from defects in material or workmanship.

During the applicable warranty period, any such defective part or accessory will be exchanged or repaired at Volvo's discretion without charge, but only by an authorized Volvo retailer.

If, and only if, such part or accessory was originally installed by an authorized Volvo retailer, the labor for removal and replacement will also be covered by this warranty.

NOTE

Parts replaced free of charge under the terms of another Volvo warranty are not subject to the warranty coverage of the Genuine Volvo Replacement Parts and Accessories Limited Warranty (U.S.), Genuine Volvo Replacement Parts and Accessories Warranty (Canada). Those parts will be warranted for 90 days or the remainder of the original warranty, whichever is greater.

Limitations

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state, province to province. **Some states/ provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article "Limitations and Disclaimers" in this booklet.

Warranty Period

Genuine Volvo Accessories

If a Volvo-approved accessory is purchased and installed by a Volvo retailer as part of your new vehicle purchase, the warranty period is 4 years or 50,000 miles/80,000 kilometers, whichever occurs first. The warranty period will start and run concurrently with the New Vehicle Limited Warranty. If a Volvo-approved accessory is installed by a Volvo retailer after your new vehicle purchase, it will be warranted for the balance of your New Vehicle Limited Warranty period, or for a period of 2 years from the date of installation, whichever is longer. Accessories purchased but not installed by a Volvo retailer will be covered for a period of 2 years from the date the accessory was originally purchased. Some genuine Volvo parts/accessories are covered by their own specific limited warranty for a different period. For those parts/accessories, the applicable warranty is supplied at the time of purchase, including a list of conditions and limitations.

What Is Not Warranted

- Labor for removal and replacement of a defective part or accessory sold, BUT NOT INSTALLED, by an authorized Volvo retailer. In such cases, the defective part/component or accessory will be exchanged, repaired, or replaced at the discretion of Volvo.
- Parts or accessories not sold, supplied, or approved by Volvo.
- Failures resulting from improper installation of parts or accessories, a lack of maintenance or improper maintenance.
- Damage because of normal wear and tear.
- The loss of vehicle use, loss of time, inconvenience, or other incidental charges such as telephone calls, towing, lodging, car rental, or food, and/or other consequential damages, except where required by law.
- Failure resulting from misuse, abuse, negligence, overloading, modifications, accidents or racing.

Purchaser's Obligations

When requesting warranty repairs on replacement parts or accessories, the purchaser must present evidence of purchase (sales ticket or repair order showing payment to any authorized Volvo retailer in the United States or Canada) during normal business hours.

Volvo's Corrosion Protection, Limited Warranty–U.S./Warranty–Canada

What Is Warranted

Volvo warrants that your 2027 model year Volvo's original painted body sheet metal panels will remain free from the following conditions which result from defects in design, material or workmanship under normal use and operating conditions (except for those items listed under "What Is Not Warranted"):

1. Defects to the exterior painted sheet metal surfaces for a period of 1 year.[2]
2. Perforation of non-structural body sheet metal panels for a period of 12 years.

Limitations

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province. **Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article "Limitations and Disclaimers" in this booklet.

Warranty Period

The warranty period is for a total of 12 years. There is no mileage/kilometer limitation.

The warranty begins with the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first.

Warranty Repairs

Under the terms of this warranty, only an authorized Volvo retail facility will repair or replace, at Volvo's discretion, the affected body sheet metal panels free of charge. Repairs will be made within a reasonable period of time, during normal business hours.

Corrosion Protection Warranty

Should any part of the bodywork of the vehicle be perforated by rust corrosion, the panel(s) affectedly the perforation will be repaired or replaced by any Volvo dealer or workshop authorized by Volvo, completely free of charge, regardless of any change in vehicle ownership. The term "perforation" means hole that penetrates the bodywork caused by corrosion from the inside or underside as a result of faulty manufacture or materials.

[2] Volvo does not recommend the use of aftermarket long-life or durable paint protection coatings, some of which may claim to prevent pitting, fading, oxidation, etc. These coatings have not been tested by Volvo for compatibility with your vehicle's clear coat. Some of them may cause the clear coat to soften, crack, or cloud. Damage caused by application of aftermarket paint protection coatings will not be covered under your vehicle's paint warranty. Use only paint protection products approved by Volvo. Consult your Volvo retailer for additional information.

What Is Not Warranted

- Driveline, steering, braking or suspension components, bumpers, wheels, wheel covers, and mirrors.
- Damage to the body caused by accident, misuse, abuse, negligence, alteration, fire or battery acid.
- Damage resulting from stone-chipping, mechanical damage, scratches, dents, industrial fall-out, environmental damage (including, but not limited to, chemicals, tree sap, other atmospheric conditions, etc.) hailstones, road hazards, or other acts of nature, and unrepaired accident damage.
- Improper or substandard repair work.
- Defects or failures resulting from the use of new parts not sold or approved by Volvo, or used parts, or the resultant damage to associated parts or systems.
- Normal aging of paint because of use, exposure and climate, including oxidation, fading, etc.
- Damage caused by the application of aftermarket paint protection coatings.
- Damage created as a result of improper retreatment of components following repair.

Owner's Obligations

Failure to make corrections of accident damage, acts of nature, or to maintain the vehicle properly, including washing and polishing as described in the Owner's Manual, voids this warranty.

It is your responsibility to retain all maintenance and repair documentation. To avoid potential deterioration, your retailer must be notified as soon as possible of any problems with the painted surfaces.

NOTE

This warranty can be provided because in manufacturing the vehicle, Volvo used processes and materials which are designed to help resist corrosion.

The application of additional rust proofing products at the time of new car purchase is not recommended by Volvo. If non-Volvo products were chemically incompatible with the Volvo factory-applied protection, they could cause problems which would result in voiding this warranty.

If an accident should occur, you must ensure that the following conditions are met in order to maintain coverage under the Corrosion Protection Warranty:

- repairs are performed to Volvo standards,
- your Volvo retailer will identify the location of a Volvo Certified Body and Paint Service Center,
- only genuine Volvo new replacement parts are installed,
- undercoating and/or rust proofing is reapplied wherever necessary. (See your Volvo retailer for details on Volvo-approved rust prevention materials.)

Seat Belts and Supplemental Restraint Systems, Limited Warranty–U.S./Warranty–Canada

What Is Warranted

Volvo warrants that repairs required due to defects in the material or workmanship to the seat belt system and Supplemental Restraint System (SRS) installed in your 2027 model year vehicle will be performed free-of-charge during the warranty period (except for those items listed under "What Is Not Warranted").

Limitations

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state, province to province. **Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article "Limitations and Disclaimers" in this booklet.

The Warranty Period

The warranty period is 5 years and has no mileage/kilometer limitation.[3] It begins with the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first.

What Is Not Warranted

- Seat belt system and Supplemental Restraint System components which show evidence of damage because of abuse, misuse, negligence, tampering, or improper installation.
- Replacement of seat belt system or Supplemental Restraint System components after a vehicle has been involved in a collision.
- The loss of vehicle use, loss of time, inconvenience or other incidental charges, such as telephone calls, towing, lodging, car rental, or food, or other consequential damages except where required by law.
- Repairs required as part of normal maintenance.
- Replacement of components in accordance with the maintenance schedule.

Seat Belts: "Something We Believe In"

Seat belts are an integral part of the safety system engineered into each Volvo.

Despite our strongest recommendations, and your best intentions, not wearing a seat belt is like believing "it'll never happen to me!"

Volvo urges you and all adult occupants of your car to properly wear seat belts in all seating positions, and ensure that children are properly restrained in the rear seats only, using an infant car seat or booster seat determined by age, weight and height.

Fact: In every state/province, some type of child restraint law has been passed. Additionally, most states/provinces have already made it mandatory for occupants of a car to use seat belts.

So, urging you to "buckle up" is not just our recommendation – it's the law! The few seconds it takes to buckle up may one day allow you to say, "It's a good thing I was wearing my seat belt."

Instructions for proper seat belt usage can be found in your Owner's Manual.

[3] In the U.S., some states have mandated alternate warranty coverage for seat belts only. Contact your Volvo retailer for details of local requirements.

Volvo Ownership Change Request – U.S. ONLY

Just a click away

Visit **https://www.volvocars.com/us/form/register-your-volvo** to register as a Volvo owner. You will have immediate access to useful resources and also receive product infomation and special offers in the future. It's a simple way to stay informed and get even more out of your Volvo experience.

If you don't have access to the internet, contact Volvo Customer Care at 1-800-458-1552. Please be prepared to provide your 17-digit Volvo VIN (vehicle identification number). Your VIN is located on the dashboard or can be found on the vehicle registration card. Ownership changes cannot be processed without this information.

NOTES
