Warranty and Maintenance Records Information**

V O L V O

QUALITY – SAFETY – DURABILITY – VALUE

The Volvo organization welcomes you to the Volvo family and thanks you for purchasing your new Volvo.

From Design, Engineering, and Manufacturing to support activities in Parts, Service, and Sales, high standards have been set to help ensure your satisfaction and pride as an owner of a Volvo.

The warranties described in this booklet assure you that we stand behind our products and services. To help protect your investment, please pay close attention to the section describing owner's responsibilities for proper service and maintenance.

Your Owner's Manual fully explains the functions, operation and comfort features of your Volvo. It should be reviewed by you and others who may have occasion to drive your Volvo.

We wish you many years of safe and pleasurable driving in your new Volvo.

All information and specifications contained in this manual are based on the latest product information available at the time of publication. Volvo reserves the right to make model changes at any time, or to change specifications or designs without notice and without incurring obligation. Your authorized Volvo retailer should be contacted with any questions you may have.

SERVICE AND MAINTENANCE

Customer Support and Assistance

Your satisfaction with Volvo products and services is of prime importance. Volvo takes pride in producing a quality vehicle, and our efforts are supported by a strong retailer network.

Should you have any questions concerning service or your Volvo's performance, your retailer will be happy to answer them for you.

General Information

We suggest you keep records of all your interactions with the retailer referencing maintenance and repair to your vehicle:

- Dates of conversations and with whom
- Invoices
- Maintenance Records
- Repair Orders

If, however, a situation arises that you believe has not been addressed to your satisfaction, we ask that you take the following steps:

1. Discuss the matter with the appropriate department manager at the retail facility (Service Manager, Parts Manager, etc.). Explain exactly what caused the problem and ask what action will be taken. If the matter remains unresolved after a reasonable length of time, then
2. Discuss the matter with the General Manager, explaining what occurred in Step #1.

3. If the concern has still not been addressed to your satisfaction, please contact Volvo's Customer Care Center. You may contact us via phone, mail or e-mail. The Customer Care Center will need the following information from you:
 - Your name, address, and daytime telephone number
 - Vehicle Identification Number (found on your Vehicle Registration Card, Vehicle Certificate of Ownership, and located on the upper left corner of the dashboard)
 - Date of purchase and current mileage
 - Retailer's name (Selling and/or Servicing Retail Facility)
 - Description of the problem

 **NOTE**

In the U.S. –

In certain states, the consumer may be required to provide written notice of an alleged nonconformity to Volvo. In certain states, Volvo may be required to notify the consumer if the consumer is required to first resort to an informal dispute procedure.

In the U.S. and Canada contact :

Volvo Car USA LLC

Customer Care Center

1800 Volvo Place

Mahwah, NJ 07430

1-800-458-1552

CA: <https://www.volvocars.com/en-ca/support/>

FR-CA: <https://www.volvocars.com/fr-ca/support/>

Mediation/Arbitration Program (for Canada only)

If you feel that the efforts by Volvo and the retailer to resolve a factory-related vehicle service concern have been unsatisfactory, Volvo Car Canada Limited participates in an impartial third party mediation/ arbitration program administered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP).

The CAMVAP program is a straightforward alternative to resolve a disagreement when all other efforts to produce a settlement have failed. This procedure is without cost to you and is designed to eliminate the need for lengthy and expensive legal proceedings.

In the CAMVAP program, impartial third-party arbitrators conduct hearings at mutually convenient times and places in an informal environment. These impartial arbitrators review the positions of the parties, make decisions and, where appropriate, render awards to resolve disputes. CAMVAP decisions are fast, fair and final as the arbitrator's award is binding on both you and Volvo Car Canada Limited. The CAMVAP services are available in all Canadian territories and provinces. For more information, without charge or obligation, call your CAMVAP provincial administrator directly at 1-800-207-0685, or visit their website at www.camvap.ca.

2025 Service and Maintenance Requirements

Customer Preparation Service

Your Volvo has received a comprehensive Customer Preparation Service. Your retail facility has performed a Pre-Delivery which includes a complete inspection and servicing of your vehicle. The Pre-Delivery (PDS) is a key part of a comprehensive maintenance schedule developed by Volvo for your vehicle.

Oil and Filter Change Interval

The correct oil and filter interval is every 10,000 miles = 16,000 km or 12 months WHICHEVER COMES FIRST. For service intervals beyond 150,000 miles/240,000 kilometers, please consult your authorized Volvo retailer.

Cabin Air Filter All Models

- Replacement every 20,000 miles (32,000 km)
- Replace at least once a year or more often in heavy traffic and dirty/dusty areas.

Maintenance Scheduling

Maintenance intervals have usually been determined by accumulated mileage. As driving conditions and operational demands differ, these factors have a major influence on routine maintenance. For these reasons Volvo recommends that your maintenance schedule services and oil filter changes be based on a combination of time and mileage.

The Text Window in the instrument panel will display a message when vehicle maintenance is required.

1st display when maintenance interval is near: "Book time for maintenance"

2nd display when maintenance is required: "Time for maintenance"

3rd display when maintenance is overdue: "Maintenance overdue"

The MINIMUM SCHEDULED MAINTENANCE, for which you are responsible, begins at 10,000 miles = 16,000 km or every 12 months whichever comes first.

Volvo recommends that you bring your vehicle in for service at least once a year regardless of mileage. For service intervals beyond 150,000 miles/240,000 kilometers, consult your authorized Volvo retailer.

A maintenance Service Operations Chart details these service requirements. They are listed by engine type with required emission related service indicated. See the article "Maintenance Service Operations" in this booklet.

Service Support

Discuss your vehicle's special servicing needs with your Volvo Retail Facility's Service Staff. They can tailor a maintenance program based on your requirements. Your Volvo Retailer has access to the latest up-to-date technical information, special tools, and advanced training for their technicians.

SERVICE AND MAINTENANCE

◀◀ This support is an important advantage to you, the Volvo owner, as systems become more sophisticated and intricate.

Servicing your Volvo should be done at your convenience. Therefore, plan to make your appointments ahead of time so that your retailer can schedule the right personnel and equipment to be available for the work your Volvo requires.

Should you have any questions concerning service, parts, or warranty coverage, your Volvo retailer will be happy to answer them for you. Should you require additional information, they can further assist you by contacting Volvo's Regional personnel for clarification.

Remember – you should always exercise your right to:

- Receive an estimate of costs before any repair work is performed;
- Receive prior notification of any additional repairs;
- Receive a copy of the repair order, including those for warranty repairs;
- Review repairs completed under warranty.

Servicing
Items you should check at regular maintenance intervals and periodically when refueling:

- Engine oil level
- Coolant level
- Washer fluid
- Tire inflation pressure
- Brake system fluid levels
- Exterior lights (headlights, turn-signals, etc.)

Fuel requirements

Consult your Owner's Manual for fuel requirements.

Octane Rating

TOP TIER Detergent Gasoline
Volvo endorses the use of "TOP TIER Detergent Gasoline" where available to help maintain engine performance and reliability. TOP TIER Detergent Gasoline meets a new standard jointly established by leading automotive manufactures to meet the needs of today's advanced engines. Qualifying gasoline retailers (stations) will, in most cases, identify their gasoline as having met the "TOP TIER Detergent Gasoline" standards.

 NOTE
Information about TOP TIER Detergent Gasoline is available at www.toptiergas.com .

Demanding driving

In demanding driving conditions, such as operating the vehicle in hot weather, towing a trailer, or driving for extended periods at higher altitudes than normal, it may be advisable to switch to higher octane fuel (91 or higher) or to change gasoline brands to fully utilize your engine's capacity, and for the smoothest possible operation.

i NOTE

When switching to higher octane fuel or changing gasoline brands, it may be necessary to fill the tank more than once before a difference in engine operation is noticeable.

Fuel Formulations

Do not use gasoline that contains lead as a knock inhibitor, and do not use lead additives. Besides damaging the exhaust emission control systems on your vehicle, lead has been strongly linked to certain forms of cancer.

Many fuels contain benzene as a solvent. Unburned benzene has been strongly linked to certain forms of cancer. If you live in an area where you must fill your own gas tank, take precautions. These may include:

- standing upwind away from the filler nozzle while refueling
- refueling only at gas stations with vapor recovery systems that fully seal the mouth of the filler neck during refueling
- wearing neoprene gloves while handling a fuel filler nozzle.

⚠ WARNING**California Proposition 65**

Operating, servicing and maintaining a passenger vehicle can expose you to chemicals including engine exhaust, carbon monoxide, phthalates, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. To minimize exposure, avoid breathing exhaust, do not idle the engine except as necessary, service your vehicle in a well ventilated area and wear gloves or wash your hands frequently when servicing your vehicle. For more information go to www.P65Warnings.ca.gov/passenger-vehicle.

Use of Additives

With the exception of gas line antifreeze during winter months, do not add solvents, thickeners, or other store-bought additives to your vehicle's fuel, cooling, or lubricating systems. Overuse may damage your engine, and some of these additives contain organically volatile chemicals. Do not needlessly expose yourself to these chemicals.

⚠ WARNING

Never carry a cell phone that is **switched on** while refueling your vehicle. If the phone rings, this may cause a spark that could ignite gasoline fumes, resulting in fire and injury.

⚠ WARNING

Carbon monoxide is a poisonous, colorless, and odorless gas. It is present in all exhaust gases. If you ever smell exhaust fumes inside the vehicle, make sure the passenger compartment is ventilated, and immediately return the vehicle to a trained and qualified Volvo service technician for correction.

Deposit control gasoline (detergent additives)

Volvo recommends the use of detergent gasoline to control engine deposits. Detergent gasoline is effective in keeping injectors and intake valves clean. Consistent use of deposit control gasolines will help ensure good drivability and fuel economy. If you are not sure whether the gasoline contains deposit control additives, check with the service station operator.

i NOTE

Volvo does not recommend the use of external fuel injector cleaning systems.

Unleaded fuel

Each Volvo has a three-way catalytic converter and must use only unleaded gasoline. U.S. and Canadian regulations require that pumps delivering unleaded gasoline be labeled "UNLEADED". Only these pumps have nozzles which fit your vehicle's filler inlet. It is unlawful to dispense leaded fuel into a vehicle labeled "unleaded gasoline only". Leaded gasoline damages the threeway catalytic converter and the heated oxygen sensor system. Repeated use of leaded gasoline will lessen the

- effectiveness of the emission control system and could result in loss of emission warranty coverage. State and local vehicle inspection programs will make detection of misfueling easier, possibly resulting in emission test failure for misfueled vehicles.

i NOTE

Some U.S. and Canadian gasolines contain an octane enhancing additive called methylcyclopentadienyl manganese tricarbonyl (MMT). If such fuels are used, your Emission Control System performance may be affected, and the Check Engine Light (malfunction indicator lamp) located on your instrument panel may light. If this occurs, please return your vehicle to an authorized Volvo retailer for service.

Gasoline containing alcohol and ethers (oxygenated fuels)

Some fuel suppliers sell gasoline containing "oxygenates" which are usually alcohols or ethers. In some areas, state or local laws require that the service pump be marked indicating use of alcohols or ethers. However, there are areas in which the pumps are unmarked. If you are not sure whether there is alcohol or ethers in the gasoline you buy, check with the service station operator. To meet seasonal air quality standards, some areas require the use of "oxygenated" fuel.

Methanol

Do not use gasolines containing methanol (methyl alcohol, wood alcohol). This practice can result in vehicle performance deterioration and can damage critical parts in the fuel system. Such damage may not be covered under the New Vehicle Limited Warranty.

Volvo allows the use of the following "oxygenated" fuels; however, the octane ratings listed in your owner's manual must still be met.

Alcohol – Ethanol

Fuels containing up to 10% ethanol by volume may be used. Ethanol may also be referred to as Ethyl alcohol, or "Gasohol."

Ethers – MTBE

Fuels containing up to 15% MTBE may be used.

Engine oil

This vehicle comes from the factory with synthetic oil.

Oil specifications

Full synthetic engine oil meeting the minimum API SP (ACEA C6) SAE 0W-20 must be used. Lower quality oils may not offer the same fuel economy, engine performance, or engine protection.

Volvo recommends:

0003097

Oil additives must not be used.

Oil viscosity

Incorrect viscosity oil can shorten engine life under normal use. SAE 0W-20 will provide good fuel economy and engine protection.

Turbocharger Operating Tips

In order to maximize the efficiency and operation of your vehicle, the following points should be observed:

1. Oil change and filter replacement every 10,000 miles/16,000 km, or at a time interval based on the type of driving and conditions as detailed in your Owner's Manual. You should maintain a record of these services (repair order receipts).
2. **Do not use engine oil additives as they may adversely affect the engine.**

**CAUTION**

Never race the engine immediately after starting. Oil flow may not reach some lubricating points fast enough to prevent turbocharger damage.

Before switching off the engine, let it operate at idle for a short time to allow the spinning of the turbocharger compressor's turbine vanes to slow. After hard driving, this idle time should last a couple of minutes, during which the vanes will slow and the compressor will cool down while still receiving oil lubrication. If the turbine vanes are spinning at high speeds when the engine is switched off, there is a great risk of heat damage and/or turbine seizure due to lack of lubrication.

Do not race the engine just prior to switching off!

Maintenance Service Operations

Mild-Hybrid models only (Engine Codes 06, L1 and M1)

⏪ **Maintenance/Service records**

The following pages contain the service interval records section.

A Word About Your Service Records

After each service is performed, your authorized Volvo retailer will validate the appropriate record section by entering the date serviced, mileage, representative signature, and the retailer stamp.

 **NOTE**

It is your responsibility, and extremely important for you to retain documentation of all service or warranty repairs to your Volvo (including work performed by you as well as by non-authorized repair facility), in the event that questions regarding warranty coverage arise.

Volvo Genuine Parts... Keep Your Volvo a Volvo

Regardless of where you service your Volvo, make sure Volvo Genuine Parts are used to assure the safety and high quality of your vehicle.

From oil filters to replacement lamps, from complete assemblies to useful accessories, all Volvo Genuine Parts are rigorously tested to ensure the reliability and durability you have come to expect from Volvo products.

You won't have to worry about compromising the special safety features originally built into your Volvo when you insist on using only Volvo Genuine Parts for all service, maintenance, and repairs performed on your vehicle.

Volvo Genuine Parts are available at authorized Volvo retailers located throughout North America. Experienced and knowledgeable people will help you be certain that your Volvo remains a Volvo.

Overseas Operations/Global Special Sales

General information

The warranties provided in this booklet are for 2025 Volvo passenger vehicles built to U.S. or Canadian specifications sold by Volvo Car USA LLC or Volvo Car Canada Limited and normally operated and registered in any of the 50 states of the U.S., the District of Columbia, any territories or commonwealths of the United States, or any territories or provinces of Canada. Volvo Car Corporation is responsible for meeting the warranty obligations set forth in the 2025 Warranty and Maintenance Records Information Manual.

Travel Outside of the U.S. and Canada

Should warranty repairs be required while you are temporarily abroad, bring your Volvo to any authorized Volvo retailer for repairs. These repairs will be covered under the Volvo Car USA LLC New Vehicle Limited Warranty or the Volvo Car Canada Limited New Vehicle Warranty.

Registration Outside of the U.S. or Canada

Your vehicle has been developed and designed to meet all laws, regulations and conditions in the 50 states of the U.S., the District of Columbia and their territories or provinces of Canada. If the vehicle is later imported to another country, Volvo Cars is not responsible for making any adjustments and accepts no responsibility or liability in the event the following circumstances arise:

1. The imported vehicle does not meet the national laws, conditions or specific requirements of the country in which the vehicle has been imported into, including any consequential penalties imposed as a result of such non-compliance by any governmental or regulatory authority;
2. The imported vehicle suffers a breakdown or mechanical failure as a result of local market laws, regulation or conditions (e.g., fuel consumption, temperature) for which the imported vehicle has not been conditioned or manufactured to meet.

NOTE

Not all cars can be modified to meet national laws and market conditions outside the market the vehicle was originally intended for. Please contact your authorized Volvo retailer for assistance.

Tourist and Diplomat Sales

U.S. and Canadian specification vehicles sold by Volvo OSD or GSS for ultimate use in the U.S. or Canada and operating abroad are covered by the Volvo Car USA LLC New Vehicle Limited Warranty or the Volvo Car Canada Limited New Vehicle Warranty.

WARRANTY

**Volvo’s 2025 New Vehicle
Warranties**

Hybrid models only (Engine Code H6)

California Hybrid Battery Warranty^B	10 years/150,000 miles
Hybrid Battery System	8 years 100,000 miles/160,000 kilometers
Adjustments	1 year/12,000 miles/20,000 kilometers
Seat belts and S.R.S.	5 years/unlimited mileage/kilometers
Corrosion Protection	12 years/unlimited mileage/kilometers
Federal Emission Defects and Performance, U.S./Canada	
Short-Term ^C	2 years/24,000 miles/40,000 kilometers
Long-Term	8 years 80,000 miles/130,000 kilometers
California Emissions Warranty – California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington	
Performance ^C	3 years/50,000 miles
Defects Short-Term ^C	3 years/50,000 miles

Defects Long-Term	7 years/70,000 miles
Transitional Zero Emissions Vehicles Emissions Defects and Performance	Model year 2025 vehicles with engine VIN code H6 sold and registered in California, Colorado, Connecticut, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Rhode Island, Vermont, Virginia or Washington are classified as Transitional Zero Emissions (TZEV) vehicles. TZEV vehicles have a defects and performance emissions warranty on all emissions components, except the hybrid battery, for fifteen (15) years or 150,000 miles, whichever occurs first.
Volvo Assistance Warranty Coverage, U.S./Canada	4 years unlimited mileage (refer to the separate booklet in the Owner's Wallet)
Tow For Life	Complimentary towing provided for all out-of-warranty vehicles to an authorized Volvo retailer, within a 25-mile/50-kilometer radius

A Remote Keyless Entry, Navigation, DVD and Headphone System batteries are covered for 4 years/50,000 miles/80,000 km.

B California Hybrid Battery Warranty is only applicable on TZEV vehicles.

C Volvo continues coverage under the new car warranty for four (4) years or 50,000 miles/80,000 kilometers, whichever occurs first.

Mild-hybrid models only (Engine Codes L1 and O6)

New Vehicle Limited Warranty (U.S.), New Vehicle Warranty (Canada)	4 years/50,000 miles/80,000 kilometers
Battery Warranty (12V and Support Battery) ^A	4 years/50,000 miles/80,000 kilometers, Full Coverage
Adjustments	1 year/12,000 miles/20,000 kilometers
Seat belts and S.R.S.	5 years/unlimited mileage/kilometers
Corrosion Protection	12 years/unlimited mileage/kilometers
Emission Defects and Performance, U.S./Canada	
Short-Term ^B	2 years/24,000 miles/40,000 kilometers
Long-Term	8 years/80,000 miles/130,000 kilometers

WARRANTY

California Emissions Warranty – California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington	
Performance ^B	3 years/50,000 miles
Defects Short-Term ^B	3 years/50,000 miles
Defects Long-Term	7 years/70,000 miles
Volvo Assistance Warranty Coverage, U.S./Canada	4 years unlimited mileage (refer to the separate booklet in the Owner's Wallet)
Tow For Life	Complimentary towing provided for all out-of-warranty vehicles to an authorized Volvo retailer, within a 25-mile/50-kilometer radius

A Remote Keyless Entry, Navigation, DVD and Headphone System batteries are covered for 4 years/50,000 miles/80,000 km.
B Volvo continues coverage under the new car warranty to four (4) years or 50,000 miles/80,000 kilometers, which ever occurs first.

Things You Should Know About Your Volvo Warranties

Where Volvo Warranties Apply

The Warranties described in this booklet apply to new 2025 model year Volvo passenger vehicles. The vehicle must have been originally sold by Volvo Car USA LLC¹ or Volvo Car Canada Limited¹ and registered and operated in any of the 50 states of the U.S., the District of Columbia, any territories or commonwealths of the United States, or any territories or provinces of Canada. Any remaining portion of the warranties is fully transferable to subsequent owners free-of-charge.

Previously Owned Volvos

If you have purchased a previously owned Volvo and the New Vehicle Warranty has not expired, you are entitled to the remaining portion of that warranty. Please refer to the sections "Volvo Ownership Change Request (U.S. ONLY)" or "Volvo Owner Information Update Request (Canada only)" in this booklet for information on how to provide the changed ownership information.

Warranty Repairs

Warranty repairs which are required as a result of defects in material or workmanship, and are brought to the attention of an authorized Volvo retailer by an owner, will be performed by an authorized Volvo retailer only at no charge during the warranty period.

To obtain repairs under warranty, contact an authorized Volvo retailer and explain the condition. We recommend your selling retail facility as they are most familiar with your car, its service history, and your driving habits. Have the maintenance records section of this booklet and service records available.

Diagnosis and evaluation of the symptoms and conditions will be made by any authorized Volvo retailer.

Only repairs/diagnosis deemed by the retailer to be covered under warranty will be made within a reasonable period of time during normal business hours. **Parts will be repaired or replaced by an authorized Volvo retailer only, using genuine Volvo new or remanufactured parts or software, at Volvo's discretion.** These are the recommended parts for your Volvo. They meet the same design and quality standards as those components originally installed in your vehicle. All parts replaced will become the property of Volvo for technical material analysis or other usage.

Repairs required because of damage, misuse, abuse, collision, normal wear and tear, incomplete or improper maintenance are not covered by the warranties. Also, specific items noted within each section of the warranties under "What Is Not Warranted" are excluded and will not be considered.

Owner's Responsibilities:

Maintenance/Service

You are responsible for the following maintenance requirements:

- The operation, maintenance, and care of your Volvo according to the instructions and requirements listed in your Owner's Manual and Warranty and Maintenance Records Information booklet.
- The parts/systems which require seasonal servicing or replacement at recommended maintenance intervals, such as (but not limited to) tune-ups, air conditioning recharge, cleaning, polishing, lubricants, and replacement of consumable and wear items.
- The cost of parts and/or labor for required maintenance services including (without limitation), items listed for your model's initial service and subsequent maintenance service intervals.
- Keeping a copy of all repair orders and receipts as well as a record of all maintenance services performed. Records of these services will be required for substantiation of proper maintenance.

¹ Volvo Car USA LLC, Volvo Car Canada Limited are sometimes referred to in this booklet as "Volvo." All such references to "Volvo" are intended to refer to Volvo Car Corporation, Volvo Car USA LLC, and/or Volvo Car Canada Limited.

◀◀ **When You Take Delivery**

Defect or damage to paint, sheet metal, upholstery, or other appearance items that may occur prior to delivery usually are corrected during the inspection process at the assembly plant and the retailer facility. In the event you find any of these concerns when you receive your vehicle, notify your retailer without delay.

Production Changes

Volvo reserves the right to make changes in or additions to passenger cars manufactured and/or sold by Volvo at any time without incurring any obligation to make the same or similar changes to passenger cars previously manufactured or sold by Volvo.

Maintenance & Servicing

It is recommended that you use your authorized Volvo retailer for maintaining and servicing your vehicle. Your Volvo retailer employs factory trained technicians and is focused on offering you the best overall experience with your new Volvo product. Additionally your authorized Volvo retailer is prepared to make sure that any revisions or upgrades, as required by Volvo, will be performed on your vehicle. (This excludes upgrades of a cosmetic nature which are made to the car over time. See also "Production Changes").

Volvo's 2025 New Vehicle Limited Warranty—U.S./New Vehicle Warranty—Canada

What Is Warranted

Volvo warrants that repairs required to Volvo passenger vehicles due to defects in material or workmanship and occurring under normal use will be made at no charge for parts and/or labor during the warranty period. Those parts and services not covered are detailed in this section and should be carefully reviewed.

Limitations

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province. **Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article "Limitations and Disclaimers" in this booklet.

The Warranty Period—Four (4) years/ 50,000 Miles/80,000 Km

The warranty period for repairs is four (4) years or 50,000 miles/80,000 kilometers, whichever occurs first.

The warranty starts on the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first.

Vehicles placed into Retailer Demonstrator Service will receive the remainder of the New Vehicle Limited Warranty (U.S.), New Vehicle Warranty (Canada) period when retailed.

Certain components are covered by specific warranties, such as the Federal Emissions Warranty. Once the specific warranty period is over, these components will be covered under the remaining New Vehicle Limited Warranty.

Genuine Volvo Accessories

If a Volvo-approved accessory is purchased and installed by a Volvo retailer as part of your new vehicle purchase, the warranty period is four (4) years or 50,000 miles/80,000 kilometers, whichever occurs first. The warranty period will start and run concurrently with the New Vehicle Limited Warranty. If a Volvo-approved accessory is installed by a Volvo retailer after your new vehicle purchase, it will be warranted for the balance of your New Vehicle Limited Warranty period, or for a period of two (2) years from the date of installation, whichever is longer. Accessories purchased but not installed by a Volvo retailer will be covered for a period of two (2) years from

the date the part was originally purchased. Some genuine Volvo parts/accessories are covered by their own specific limited warranty for a different period. For those parts/accessories, the applicable warranty is supplied at the time of purchase, including a list of conditions and limitations.

Customer Assistance

Should you have questions regarding the warranties or repairs, please review the article “Customer Support and Assistance” in this booklet for owner information and instructions.

Non-commercial vehicles are covered by Volvo Assistance, a roadside assistance program which provides coverage for some specific items not covered by the warranties (e.g., towing). A separate booklet describing this program is supplied in your Owner's Wallet.

Wear and Tear Items

As part of your vehicle's normal service and maintenance requirements, certain parts may need to be replaced due to wear and tear. Since these parts are consumed at varying rates, replacement is based on the operation and condition of your vehicle and on fixed schedules under normal operation and use of your vehicle. These items include, but may not be limited to, the following list: filters, fuses, batteries, belts, brake pads, brake rotors, wiper blades, shock absorbers, floor mats, upholstery/rugs, etc.

Replacement of these items are the owner's responsibility, with the exception of those items covered during the Adjustments Coverage Period (see the following section) or where specific manufacturing defects may be demonstrated.

Adjustments Coverage

Adjustments which are refinements to the original factory fittings and alignments, and which are required as part of the break-in period, will be made during the Adjustments Coverage Period. Exceptions are items covered under normal maintenance services, including Pre-Delivery or items excluded in the New Vehicle section. The duration of the adjustment coverage is twelve (12) months or 12,000 miles/20,000 kilometers, whichever occurs first.

The term “Adjustments” as used in this warranty refers to minor repairs not usually associated with the replacement of parts or normal maintenance service items. Parts which are covered for replacement because of wear during the Adjustments Period only are: brake pads, brake rotors and shock absorbers. These items may also be covered under the Basic Warranty Period if manufacturing defects cause the failure. Examples of labor only repairs which are covered during the Adjustments Period are wheel balancing, window regulator adjustment and hood adjustment.

What Is Not Warranted

Tires

- Tires fitted to the vehicle as original equipment are warranted separately by the tire manufacturer. Therefore, any adjustments must be handled through their authorized service outlet.
- The applicable tire warranty booklet is in the Owner's Wallet.

Routine Maintenance and Services

- Repairs which are required because of a lack of maintenance, or improper maintenance. Correct maintenance procedures are referenced in your Owner's Manual or the Warranty and Maintenance Records Information booklet.
- Scheduled or unscheduled maintenance services.

Damage/Deterioration/Corrosion

- Vehicles severely damaged and/or declared to be a total loss by an insurer.
- Vehicles substantially reassembled or repaired from parts obtained from another vehicle previously in operation.
- The use of fuel and/or oil, or other fluids which do not meet the Volvo-approved standards as set forth in the Owner's Manual, Volvo Service Literature or in the articles "Fuel requirements" and "Engine oil" in this booklet.
- Failures resulting from misuse, abuse, negligence, overloading, modifications (including the electronic management system(s), accidents or racing.
- Defects or failures resulting from the use of new parts not sold or approved by Volvo, or used parts, or the resultant damage to associated parts or systems.
- Defects or failures resulting from incorrect diagnosis by an independent repair shop.
- Failures resulting from continued operation of the vehicle after a warning light, gauge reading, or other indication advises of a mechanical or operational problem (e.g., dash instrumentation indicates overheat, loss of oil pressure, etc.).
- Environmental damage to the vehicle's surface which is beyond Volvo's control, such as airborne fall-out (including chemicals, tree sap, etc.) or other atmospheric conditions, hailstones, road hazards, stone chips or other acts of nature. Exterior painted surfaces are

covered by the Corrosion Protection Limited Warranty, see the article "Volvo's Corrosion Protection, Limited Warranty—U.S./Warranty—Canada" in this booklet.

- Damage to the interior (soft trim, upholstery, and seating areas) resulting from normal wear and tear, misuse, abuse, or negligence.

Glass

Glass breakage, unless it occurs because of defects in material or workmanship.

Odometer Tampering

Repairs on vehicles for which the true odometer mileage cannot be readily determined.

Inconvenience/Incidental Charges

The loss of vehicle use, loss of time, telephone calls, towing, lodging, car rental, food, and other incidental and consequential damages.

NOTE

Parts replaced free of charge under the terms of the New Vehicle Limited Warranty (U.S.), New Vehicle Warranty (Canada) are not subject to the warranty coverage of the Genuine Volvo Replacement Parts and Accessories Limited Warranty. Those parts will be warranted for 90 days or the remainder of the New Vehicle Limited Warranty (U.S.), New Vehicle Warranty (Canada), whichever is greater.

Batteries

12 Volt and Support Batteries

Under the New Vehicle Limited Warranty, the original equipment 12 volt and support batteries installed in your 2025 Volvo are covered against defects in parts and labor for four (4) years or 50,000 miles/80,000 kilometers, whichever occurs first.

Hybrid Battery

Under the New Vehicle Limited Warranty, the original equipment hybrid battery installed in your 2025 Volvo is covered against defects in parts and labor for eight (8) years or 100,000 miles/160,000 kilometers, whichever occurs first.²

NOTE

Batteries are subject to natural wear out due to aging and usage. If the battery capacity is lower than 70% of original status (according to specification) at 8 years or 100,000 miles/160,000 kilometers, whichever occurs first, the battery will be replaced free of charge.³ In some cases a battery module or the complete battery will be replaced by a reconditioned unit. In that case the reconditioned unit will have the same or better capacity as before the problem occurred.

² California Hybrid Battery coverage, applicable to TZEZ models only, is ten (10) years or 150,000 miles, whichever occurs first.

³ Model year 2025 vehicles sold and registered in California, Colorado, Connecticut, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Rhode Island, Vermont, Virginia or Washington, are classified as TZEZ vehicles. If the battery capacity is lower than 50% of original status at 10 years or 150,000 miles, whichever occurs first, the battery will be replaced free of charge.

Limitations and Disclaimers

ALL OF THE WARRANTIES (LIMITED, U.S. ONLY) IN THIS BOOKLET ARE SUBJECT TO THE FOLLOWING LIMITATIONS AND DISCLAIMERS:

Volvo's written warranty is exclusive and in lieu of all other warranties, whether oral or written, expressed or implied.

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this limited warranty, U.S.; warranty, Canada.

Volvo does not authorize any individual or corporation to create for it any obligation, liability or other warranty in connection with this vehicle.

Volvo shall not be liable for incidental, special, consequential, or other similar damages arising out of any breach of this written warranty.

Volvo shall not be liable for any damages caused by delay in delivery or furnishing of any products and/or services.

Volvo's liability, if any, for product(s) furnished under this warranty shall in no event exceed the cost of correcting defects in the product(s) as herein provided and upon the expiration of this warranty, any such liability shall terminate.

NOTE

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state, province to province. Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Genuine Volvo Replacement Parts and Accessories, Limited Warranty– U.S./ Warranty–Canada

What Is Warranted

Volvo warrants to the retail purchaser of each new genuine Volvo replacement part and accessory, that such part or accessory will be free from defects in material or workmanship.

During the applicable warranty period, any such defective part or accessory will be exchanged or repaired at Volvo's discretion without charge, but only by an authorized Volvo retailer.

If, and only if, such part or accessory was originally installed by an authorized Volvo retailer, the labor for removal and replacement will also be covered by this warranty.

NOTE

Parts replaced free of charge under the terms of another Volvo warranty are not subject to the warranty coverage of the Genuine Volvo Replacement Parts and Accessories Limited Warranty (U.S.), Genuine Volvo Replacement Parts and Accessories Warranty (Canada). Those parts will be warranted for 90 days or the remainder of the original warranty, whichever is greater.

Limitations

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state, province to province. **Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article "Limitations and Disclaimers" in this booklet.

Warranty Period

Genuine Volvo Accessories

If a Volvo-approved accessory is purchased and installed by a Volvo retailer as part of your new vehicle purchase, the warranty period is four (4) years or 50,000 miles/80,000 kilometers, whichever occurs first. The warranty period will start and run concurrently with the New Vehicle Limited Warranty. If a Volvo-approved accessory is installed by a Volvo retailer after your new vehicle purchase, it will be warranted for the balance of your New Vehicle Limited Warranty period, or for a period of two (2) years from the date of installation, whichever is longer. Accessories purchased but not installed by a Volvo retailer will be covered for a period of two (2) years from the date the accessory was originally purchased. Some genuine Volvo parts/accessories are covered by their own specific limited warranty for a different period. For those parts/accessories, the applicable warranty is supplied at the time of purchase, including a list of conditions and limitations.

What Is Not Warranted

- Labor for removal and replacement of a defective part or accessory sold, BUT NOT INSTALLED, by an authorized Volvo retailer. In such cases, the defective part/ component or accessory will be exchanged, repaired, or replaced at the discretion of Volvo.
- Parts or accessories not sold, supplied, or approved by Volvo.
- Failures resulting from improper installation of parts or accessories, a lack of maintenance or improper maintenance.
- Damage because of normal wear and tear.
- The loss of vehicle use, loss of time, inconvenience, or other incidental charges such as telephone calls, towing, lodging, car rental, or food, and/or other consequential damages, except where required by law.
- Failure resulting from misuse, abuse, negligence, overloading, modifications, accidents or racing.

Purchaser's Obligations

When requesting warranty repairs on replacement parts or accessories, the purchaser must present evidence of purchase (sales ticket or repair order showing payment to any authorized Volvo retailer in the United States or Canada), during normal business hours.

Volvo's Corrosion Protection, Limited Warranty—U.S./Warranty—Canada

What Is Warranted

Volvo warrants that your 2025 model year Volvo's original painted body sheet metal panels will remain free from the following conditions which result from defects in design, material or workmanship under normal use and operating conditions (except for those items listed under "What Is Not Warranted"):

1. Defects to the exterior painted sheet metal surfaces for a period of one (1) year.⁴
2. Perforation of the body sheet metal panels for a period of twelve (12) years.

Limitations

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province. **Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article "Limitations and Disclaimers" in this booklet.

Warranty Period

The warranty period is for a total of twelve (12) years. There is no mileage/kilometer limitation.

The warranty begins with the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first.

Warranty Repairs

Under the terms of this warranty, only an authorized Volvo retail facility will repair or replace, at Volvo's discretion, the affected body sheet metal panels free of charge. Repairs will be made within a reasonable period of time, during normal business hours.

Corrosion Protection Warranty

Should any part of the bodywork of the vehicle be perforated by rust corrosion, the panel(s) affected by the perforation will be repaired or replaced by any Volvo dealer or workshop authorized by Volvo, completely free of charge, regardless of any change in vehicle ownership. The term "perforation" means hole that penetrates the bodywork caused by corrosion from the inside or underside as a result of faulty manufacture or materials.

What Is Not Warranted

- Exhaust system, driveline, steering, braking or suspension components, bumpers, wheels, wheel covers, and mirrors.
- Damage to the body caused by accident, misuse, abuse, negligence, alteration, fire or battery acid.
- Damage resulting from stone-chipping, mechanical damage, scratches, dents, industrial fall-out, environmental damage (including, but not limited to, chemicals, tree sap, other atmospheric conditions, etc.) hailstones, road hazards, or other acts of nature, and unrepaired accident damage.
- Improper or substandard repair work.
- Defects or failures resulting from the use of new parts not sold or approved by Volvo, or used parts, or the resultant damage to associated parts or systems.
- Normal aging of paint because of use, exposure and climate, including oxidation, fading, etc.
- Damage caused by the application of aftermarket paint protection coatings.
- Damage created as a result of improper retreatment of components following repair.

⁴ Volvo does not recommend the use of aftermarket long-life or durable paint protection coatings, some of which may claim to prevent pitting, fading, oxidation, etc. These coatings have not been tested by Volvo for compatibility with your vehicle's clear coat. Some of them may cause the clear coat to soften, crack, or cloud. Damage caused by application of aftermarket paint protection coatings will not be covered under your vehicle's paint warranty. Use only paint protection products approved by Volvo. Consult your Volvo retailer for additional information.

Owner's Obligations

Failure to make corrections of accident damage, acts of nature, or to maintain the vehicle properly, including washing and polishing as described in the Owner's Manual, voids this warranty.

It is your responsibility to retain all maintenance and repair documentation. To avoid potential deterioration, your retailer must be notified as soon as possible of any problems with the painted surfaces.

NOTE

This warranty can be provided because in manufacturing the vehicle, Volvo used processes and materials which are designed to help resist corrosion.

The application of additional rust proofing products at the time of new car purchase, is not recommended by Volvo. If non-Volvo products were chemically incompatible with the Volvo factory applied protection, they could cause problems which would result in voiding this warranty.

If an accident should occur, you must ensure that the following conditions are met in order to maintain coverage under the Corrosion Protection Warranty:

- repairs are performed to Volvo standards,
- your Volvo retailer will identify the location of a Volvo Certified Body and Paint Service Center,
- only genuine Volvo new replacement parts are installed,
- undercoating and/or rust proofing is reapplied wherever necessary. (See your Volvo retailer for details on Volvo-approved rust prevention materials.)

Seat belts and Supplemental Restraint Systems, Limited Warranty—U.S./Warranty—Canada

What Is Warranted

Volvo warrants that repairs required due to defects in the material or workmanship to the seat belt system and Supplemental Restraint System (SRS) installed in your 2025 model year vehicle will be performed free-of-charge during the warranty period (except for those items listed under "What Is Not Warranted").

Limitations

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state, province to province. **Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.**

For a complete description, refer to the article "Limitations and Disclaimers" in this booklet.

The Warranty Period

The warranty period is five (5) years and has no mileage/kilometer limitation.⁵ It begins with the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first.

What Is Not Warranted

- Seat belt system and Supplemental Restraint System components which show evidence of damage because of abuse, misuse, negligence, tampering, or improper installation.
- Replacement of seat belt system or Supplemental Restraint System components after a vehicle has been involved in a collision.
- The loss of vehicle use, loss of time, inconvenience or other incidental charges, such as telephone calls, towing, lodging, car rental, or food, or other consequential damages except where required by law.
- Repairs required as part of normal maintenance.
- Replacement of components in accordance with the maintenance schedule.

Seat belts: “Something We Believe In”

Seat belts are an integral part of the safety system engineered into each Volvo.

Despite our strongest recommendations, and your best intentions, not wearing a seat belt is like believing “it’ll never happen to me!”

Volvo urges you and all adult occupants of your car to properly wear seat belts in all seating positions, and ensure that children are properly restrained in the rear seats only, using an infant car seat or booster seat determined by age, weight and height.

Fact: In every state/province, some type of child restraint law has been passed. Additionally, most states/provinces have already made it mandatory for occupants of a car to use seat belts.

So, urging you to “buckle up” is not just our recommendation – it’s becoming the law! The few seconds it takes to buckle up may one day allow you to say, “It’s a good thing I was wearing my seat belt.”

Instructions for proper seat belt usage can be found in your Owner’s Manual.

Emissions Warranties – U.S. and Canada

Design and Defect Warranty

What Is Warranted—U.S.

Volvo warrants that your 2025 model year Volvo was designed, built, and equipped to conform at the time of sale to U.S. emission standards, in accordance with Section 207(A) of the Federal Clean Air Act, which was applicable when the vehicle was manufactured.

What Is Warranted—Canada

Volvo warrants that your 2025 model year Volvo was designed, built, and equipped to conform at the time of sale to Canadian emission standards, in accordance with the Canadian Motor Vehicle Safety Act, which was applicable when the vehicle was manufactured.

⁵ In the U.S., some states have mandated alternate warranty coverage for seat belts only. Contact your Volvo retailer for details of local requirements.

◀◀ In the U.S. and Canada

This warranty covers repairs resulting from any defect in material or workmanship which would cause the vehicle not to meet emission standards during the applicable warranty period. Some components considered part of the emission system applicable to this warranty are listed in the article "Emission Warranty Parts List – Federal – U.S. and Canada" in this booklet.

This emission warranty is not conditionally based on the use of genuine Volvo parts or service. However, failures which occur as a result of abuse or lack of maintenance are not eligible for coverage.

Warranty Period

The federal emissions design and defect warranty period is two (2) years or 24,000 miles/ 40,000 kilometers, whichever occurs first. Volvo continues coverage under new car warranty to four (4) years or 50,000 miles/80,000 kilometers, whichever occurs first, except for certain specified major emissions components for which the coverage is eight (8) years or 80,000 miles/130,000 kilometers, whichever occurs first. These major components include only the threeway catalytic converter (TWC), engine control module (ECM), electronic rear axle drive (ERAD) and the onboard diagnostic system (OBD). (Refer to the 2025 Emission Warranty Parts List for specific components' coverage.) The warranty begins on the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first. Any remaining portion of the warranty is fully transferable to subsequent owners free-of-charge.

Where the warranty applies

This warranty applies to 2025 model year vehicles sold by Volvo Car USA LLC or Volvo Car Canada Limited, certified for sale, registered and normally operated in any 50 states of the U.S., the District of Columbia, any territories or commonwealths of the United States, or any territories or provinces of Canada.

Repairs and Service

The emission control system of your new 2025 model year Volvo passenger vehicle was designed, built, and tested using genuine Volvo parts. The car is certified to be in conformity with the appropriate U.S. Federal or Canadian emission control regulations at the time of production.

Servicing

It is recommended that any replacement parts used for maintenance, repair, or replacement of emission control systems be genuine Volvo parts or genuine Volvo remanufactured parts.

You may elect to have maintenance, repair, or replacement of the emission control devices and systems performed by any automotive repair establishment or individual. You may also elect to use parts other than genuine Volvo parts or genuine Volvo remanufactured parts which have been certified by the part manufacturer for such maintenance, repair, or replacement without invalidating this warranty. The cost of such service or parts, however, will not be covered under the warranty.

Parts

Use of replacement parts which are not equivalent to Volvo quality may impair the effectiveness of emission control systems. If other than genuine Volvo parts or genuine Volvo remanufactured parts are used for maintenance, repair, or replacement of components affecting emission control, the owner must obtain assurances that such parts are warranted by their manufacturer to be equivalent to genuine Volvo parts in performance and durability. Volvo assumes no liability under this warranty for parts other than genuine Volvo parts or genuine Volvo remanufactured parts. However, the use of non-Volvo replacement parts does not invalidate the warranty on other components unless the non-Volvo parts cause damage to warranted parts or systems.

Retailer Service

Repairs and service covered by this warranty will be performed by an authorized Volvo retailer at his place of business with no charge for parts or labor (including diagnosis), using genuine Volvo parts or genuine Volvo remanufactured parts for any part of the emission control system covered by this warranty and found defective.

If an emergency occurs and no authorized Volvo retailer is available, repairs may be performed at any available service establishment. Volvo will reimburse the owner for such repairs (including labor, in most cases) that are covered under this warranty. Replaced parts and paid invoices must be presented at a Volvo retail facility as a condition of reimbursement for emergency repairs not performed by a Volvo retailer.

We encourage you to have all recommended maintenance and repairs on your new 2025 Volvo vehicle completed. Volvo will not deny a warranty claim solely because you have no record of maintenance; however, Volvo may deny a warranty claim if your failure to perform maintenance resulted in the failure of a warranted part.

Receipts covering the performance of regular maintenance must be retained for reference and confirmation purposes.

What Is Not Warranted

1. Required maintenance services as specified in the Owner's Manual and in the article "Maintenance Service Operations" in this

booklet. Items that affect emissions and require scheduled replacement are warranted up to their first replacement point [such as spark plugs, filters, belts, etc.]. Once these parts have been replaced at the scheduled replacement point, they are no longer covered by this Emissions Warranty. The replaced parts are covered by the two (2) year spare parts warranty.

2. Malfunctions in any part caused by any of the following: misuse, improper adjustments, modification, alteration, tampering, disconnection of system parts, and improper, inadequate or non-maintenance.
3. Damage resulting from accidents, acts of nature, and events beyond the control of Volvo.
4. The use of fuel and/or oil, or other fluids which do not meet the Volvo-approved standards as set forth in the Owner's Manual, Volvo Service Literature or in the articles "Fuel requirements" and "Engine oil" in this booklet, which results in the failure of a warranted part or system, may not be warranted.
5. Repairs on vehicles for which the true odometer mileage cannot be readily determined.
6. The cost incurred from the use of parts other than genuine Volvo replacement parts or genuine Volvo remanufactured parts used for maintenance, repair or replacement affecting components of the emission control system.

7. Any loss of time, inconvenience, loss of vehicle use or commercial loss.

Emission Performance Warranty—U.S. and Canada

The warranty begins on the date the vehicle is sold/delivered to the first retail purchaser or put into service, whichever occurs first.

In accordance with Section 207(B) of the Clean Air Act, Canadian MDU and Canadian Provincial Warranty Regulations, Volvo warrants to the first vehicle purchaser and each subsequent purchaser, that if

1. the vehicle is maintained and operated in accordance with the written instructions for proper maintenance and use (Refer to the Owner's Manual under the section titled "Service and Routine Maintenance" and the article "2025 Service and Maintenance Requirements" in this booklet), and
2. the vehicle fails to conform at any time during the first 24,000 miles/40,000 kilometers or two (2) years (whichever occurs first) to the applicable emission standards as judged by an EPA approved or Canadian Provincial approved emission short test, and
3. such non-conformity will result in the vehicle owner having to bear any penalty or other sanction (including denial of the right to use the vehicle) under local, state, federal or provincial law, then Volvo shall remedy the nonconformity at no cost to the owner.

Some components considered part of the two (2) Year/ 24,000 mile/40,000 kilometer Emission Performance Warranty are listed in the article “2025 Emission Warranty Parts List – Federal – U.S. and Canada” in this booklet.

Exceptions

1. If the vehicle has been in operation for more than two (2) years or 24,000 miles/ 40,000 kilometers, Volvo will remedy only those nonconformities resulting from failure of certain specified emission control components for which coverage is eight (8) years or 80,000 miles/130,000 kilometers, whichever occurs first. These major components include only the three-way catalytic converter (TWC), engine control module (ECM), electronic rear axle drive (ERAD) and the on-board diagnostic system (OBD).
2. Volvo may deny an Emission Performance Warranty claim on the basis of an uncertified replacement part used in the maintenance and repair of a vehicle if the part in question is either defective in material or workmanship or not equivalent from an emission standpoint to the original equipment part.
3. An Emission Performance Warranty claim may be denied on the basis of non-compliance by a vehicle owner with the written instructions for proper maintenance and use.

Servicing

It is recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be genuine Volvo parts or genuine Volvo remanufactured parts.

You may elect to have maintenance, repair, or replacement of the emission control devices and systems performed by any automotive repair establishment or individual. You may also elect to use parts other than genuine Volvo parts or genuine Volvo remanufactured parts which have been certified by the part manufacturer for such maintenance, repair or replacement without invalidating this warranty. The cost of such service or parts however, will not be covered under the warranty.

Customer Assistance

Volvo wants to ensure that the Emission Warranties are properly administered. If you do not receive the warranty service to which you believe you are entitled under these warranties, you should contact:

 Ann Arbor, MI 48105

Warranty Claim Procedures

An Emission Performance Warranty claim may be raised immediately upon the failure of an EPA approved or Canadian Provincial approved emission test, if, as a result of that failure, an owner is required by law to take action of any kind in order to avoid imposition of a penalty or sanction. A warranty claim may be generated by

bringing vehicle to any authorized Volvo retailer. To the extent required by any federal, state, or provincial law, whether statutory or common law, a vehicle manufacturer shall be required to provide a means for non-franchised repair facilities to perform Emission Performance Warranty repairs.

However, to avoid delay and ensure proper service, it is recommended that service under this warranty be performed by an authorized Volvo retailer.

When determining whether an owner has complied with the written instructions for proper maintenance and use, Volvo may require an owner to submit evidence of compliance if it has an objective reason for believing:

1. maintenance was not performed and,
2. that if not performed, it could be the cause of the vehicle exceeding applicable emission standards.

Failure to notify the owner of a decision to honor or deny an Emission Performance Warranty claim within thirty (30) days from the time the vehicle is presented for repair shall result in the vehicle manufacturer being responsible for repairing the vehicle without charge to the vehicle owner, unless such failure is attributable to the vehicle owner or to events which are beyond the control of the vehicle manufacturer or repair facility.

2025 Emission Warranty Parts List – Federal – U.S. and Canada

The following are some items covered by the Emission Warranty for (2) years or 24,000 miles/40,000 kilometers, whichever occurs first. Volvo has continued coverage on these items under the new car warranty for (4) years or 50,000 miles/80,000 kilometers, whichever occurs first. Components marked with “*” are covered by the Long-Term Warranty for eight (8) years or 80,000 miles/130,000 kilometers, whichever occurs first.

- Ambient Air Temp Sensor
- Battery 48V Module (MVBM)
- Battery 48V Software (MVBM-SW)
- Bypass Valve Electrical Supercharger
- Camshaft Position Sensor
- Catalytic Converter*
- Charge Air Cooler
- Control Valve LT (Water Cooled CAC)
- Coolant Pump
- Coolant Temperature Sensor
- Coolant Thermostat
- Crankshaft Position Sensor
- CVVT Solenoid Valve (Exhaust/Intake)
- CVVT Timing Device (Exhaust/Intake)
- EGR Cooler
- EGR Pressure Sensor
- EGR Valve
- Electric Supercharger
- Electronic Throttle Module (ETM)
- Engine Control Module (ECM) Hardware*
- Engine Control Module (ECM) Software
- Engine Control Module (ECM) Polestar Engineered Software
- EVAP Carbon Canister
- EVAP Leakage Control Module (ECLM)
- Filler Pipe
- Fuel Filler Pipe (Capless)
- Fuel High-Pressure Sensor
- Fuel Injector
- Fuel Low-Pressure Sensor
- Fuel Pump
- Fuel Pump Electronic/H Module (PEM)
- Fuel Rail incl. Pressure Sensor
- Fuel Tank
- Fuel Tank Isolation Valve (FTIV)
- Heated Oxygen Sensor(s)
- High-Pressure Fuel Pump
- Ignition Coil
- Integrated Starter Generator (C-ISG)
- Knock Sensor
- Manifold Absolute Pressure (MAP) Sensor
- Mass Air Flow (MAF) Sensor
- Oil Separator with Crankcase Pressure Regulator
- On-Board Diagnostic System (OBD)*
- Purge Valve
- Purge Pressure Sensor

* Covered by the Long-Term Defect and Performance Warranty for eight (8) years or 80,000 miles/130,000 kilometers, whichever occurs first.

WARRANTY

- Purge Pump
- Purge Valve Assembly incl. Purge Valve
- Spark Plug (Kit)
- Supercharger (Electrical)
- Temp & Manifold Air Pressure Sensor (TMAP)
- Transmission Control Module (TCM) Hardware
- Temperature Sensor
- Transmission Control Module (TCM) Software
- Turbocharger
- Water Cooled Charged Air Cooler Intake Manifold

HYBRID SPECIFIC Emission Components

- AC Compressor (Electrical)
- Active Brake Booster
- Battery Coolant Pump

- Brake Control Module (BCM2)
- Brake Control Module Software
- Chiller Shut-Off Valve
- Chiller Shut-Off Valve (Kit)
- Combined Inverter DC/DC (CIDD)
- Combined Inverter DC/DC Software (CIDD SW)
- Condensor

- Coolant Temperature Sensor (ED)
- Coolant Thermostat Kit (ED)
- Electric Drive Coolant Pump
- Electric Oil Pump (EOP)
- Electric Oil Pump Control Module
- Electric Rear Axle Drive (ERAD)
- Electric Vacuum Pump (EVP)
- Electric Vacuum Pump Control Unit (EVP)
- Electrical 3-Way Valve (ED)
- Engine Cooling Fan
- High-Voltage Battery
- High-Voltage Coolant Heater
- Hybrid ED (Electric Drive) Radiator
- IGM HW (Transducer)
- IGM SW
- Integrated Starter Generator (C-ISG)
- Inverter Electric Motor HW
- Inverter SW
- On Board Charger (OBC) HW
- On Board Charger (OBC) SW
- Pedal Angle Sensor
- Pressure Sensor AC Hybrid
- Rear AC with Shut-Off Valve
- Rotor Position Sensor (C-ISG)
- Steering Wheel Angle Sensor (SAS)
- Supplemental Restraint System (SRS) Unit
- Thermal Expansion Valve (TXV) with Shut-Off Valve

- Vacuum Sensor in Active Brake Booster
- Wheel Speed Sensor (Front)
- Wheel Speed Sensor (Rear)

Miscellaneous items used in above systems

Manifolds, hoses, clamps, fittings, tubing, sealing gaskets or devices, pulleys, belts, fuel lines, wiring harnesses and mounting hardware and electronic controls (all models) used with the components listed above.

NOTE

Parts listed under the 2025 Emission Warranty Parts List – Federal – U.S. and Canada are only covered components when they apply to specific engine variants. Not all parts listed apply to all engine types.

NOTE

Model year 2025 vehicles with engine VIN code H6 sold and registered in California, Colorado, Connecticut, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Rhode Island, Vermont, Virginia or Washington are classified as Transitional Zero Emissions (TZE) vehicles. TZE vehicles have a defects and performance emissions warranty on all emissions components, except the hybrid battery, for fifteen (15) years or 150,000 miles, whichever occurs first.

Retailer Certification (For ID Only) – U.S.

Ref: Title 40, Code of Federal Regulations, Section 85.2108

Your authorized Volvo retailer certifies that this Volvo vehicle conforms to all applicable emission standards of the U.S. Environmental Protection Agency. This certification is based on:

1. The retailer's knowledge that the vehicle is covered by an EPA Certificate of Conformity.
2. A visual inspection of the vehicle, including the engine, to assure that all emission-related components have been properly installed; and
3. The retailer's performance of all emission related preparation required by the manufacturer prior to the sale of the vehicle.

If this vehicle fails an EPA-approved emission test prior to the expiration of three (3) months or 4,000 miles (whichever occurs first) from the date or mileage at the time of delivery of the vehicle to the ultimate purchaser, and the vehicle has been maintained and used in accordance with the written instructions for proper maintenance and use, then Volvo shall remedy the nonconformity under the Emission Performance Warranty.

California Emission Warranties

California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington

California Emission Control Warranty Statement

Your Warranty Rights and Obligations

The California Air Resources Board and Volvo Car USA LLC are pleased to explain the emission control system warranty on your 2025 Volvo passenger vehicle. In California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington new motor vehicles must be designed, built and equipped to meet California's stringent anti-smog standards. Volvo must warrant the emission control system on your passenger vehicle for the periods of time listed in the section "Manufacturer's Warranty Coverage," provided there has been no abuse, neglect or improper maintenance of your car.

Your emission control system may include parts such as the fuel-injection system, the ignition system, catalytic converter and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, Volvo Car USA LLC will repair your passenger vehicle at no cost to you including diagnosis, parts and labor.

Due in part to certain Federal air quality requirements, other states may propose adoption of the California LEV regulations, including (but not limited to) the specific emissions parts/performance warranties associated with the regulation, and are described in this booklet.

Manufacturer's Warranty Coverage

For three (3) years or 50,000 miles, whichever first occurs⁶:

- If your vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by Volvo to ensure that your vehicle passes the inspection. This is your emission control system PERFORMANCE WARRANTY.
- If any emission-related part on your vehicle is defective, the part will be repaired or replaced by Volvo. This is your short-term emission control system DEFECTS WARRANTY.
- Volvo continues coverage for components covered under the short term emissions control system DEFECTS WARRANTY to four (4) years or 50,000 miles/80,000 kilometers, whichever occurs first.

⁶ Hybrid Models: model year 2025 vehicles with engine VIN code H6 sold and registered in California, Colorado, Connecticut, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Rhode Island, Vermont, Virginia or Washington are classified as Transitional Zero Emissions (TZE) vehicles. TZE vehicles have a defects and performance emissions warranty on all emissions components, except for the hybrid battery, for fifteen (15) years or 150,000 miles, whichever occurs first.

WARRANTY

⏪ **For seven (7) years or 70,000 miles, whichever first occurs:**

If an emission-related part listed in this warranty booklet, specially noted with coverage for seven (7) years or 70,000 miles⁶, is defective, the part will be repaired or replaced by Volvo. This is your long-term emission control system DEFECTS WARRANTY.

Owner's Warranty Responsibilities

As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Owner's Manual and this booklet. Volvo recommends that you retain all receipts covering maintenance on your vehicle, but Volvo cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to a Volvo retailer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed thirty (30) days.

As the vehicle owner, you should also be aware that Volvo may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact:

Volvo's Emission System Warranty

**States of California, Colorado,
Connecticut, Delaware, Maine,
Maryland, Massachusetts, Minnesota,
Nevada, New Jersey, New York, Oregon,
Pennsylvania, Rhode Island, Vermont,
Virginia and Washington only**

Volvo Car USA LLC⁷ ("Volvo" or "VCUSA") warrants that your 2025 model year Volvo passenger vehicle was designed, built and equipped to conform to applicable California emission standards as specified under the Health and Safety Code 43205.

This warranty covers repairs resulting from any defect in material or workmanship which would cause any part installed on this vehicle which affects any regulated emissions to not meet these requirements or would cause the vehicle to fail to pass a Smog Check test during the applicable warranty period.

Warranty Coverage

The warranty period begins on the date the vehicle is delivered to the first retail purchaser or the initial date the vehicle is put into service, whichever occurs first. The emission warranty is transferable to subsequent owners.

The vehicle must be maintained and operated under normal use in accordance with Volvo's written instructions for proper maintenance and use, which are detailed in the Owner's Manual and in this booklet. Items and conditions listed under "What Is Not Warranted" are excluded, if any of these conditions exist.

 NOTE
No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Volvo will repair, adjust, or replace a part when performing a repair under the warranty.

The emission warranty is not conditionally based on the use of genuine Volvo parts. Failures which occur, however, because of abuse or lack of required maintenance, are not eligible for coverage.

⁷ Volvo Car USA LLC is sometimes referred to in this booklet as "Volvo". All such references to "Volvo" are intended to refer to Volvo Car USA LLC.

WARRANTY

Where The Warranty Applies

This warranty applies to 2025 model year vehicles originally sold by Volvo Car USA LLC certified for sale and registered in the states of California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington.

Repairs and Service

The emission control system of your new 2025 Volvo passenger vehicle was designed, built and tested using genuine Volvo parts, and the car is certified to be in conformity with California emission control requirements.

According to Federal regulations, you are eligible for additional emissions warranty coverage for up to eight (8) years or 80,000 miles, whichever first occurs for certain specific major emission components. The Federal emissions warranty starts on the date the vehicle is sold to the first retail purchaser or put into service, whichever occurs first. California and Federal Warranty coverages are concurrent.

Servicing

It is recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be genuine Volvo parts or genuine Volvo remanufactured parts.

The owner may elect to have maintenance, replacement, or repair of the emission control devices and systems performed by any automotive repair establishment or individual. He/she may also elect to use parts other than genuine Volvo parts or genuine Volvo remanufactured parts for such maintenance, replacement, or repair without invalidating this warranty. The cost of such service parts, however, will not be covered under the warranty except in an emergency. (See Retailer Service.)

Parts

Replacement parts which are not equivalent to Volvo quality may impair the effectiveness of emission control systems. If other than genuine Volvo parts or genuine Volvo remanufactured parts are used for maintenance, replacement or repair of components affecting emissions, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to genuine Volvo Car USA LLC parts in performance and durability.

Volvo assumes no liability under this warranty for parts other than genuine Volvo parts or genuine Volvo remanufactured parts. The use of non-Volvo replacement parts, however, does not invalidate the warranty on other components unless non-Volvo parts cause damage to those warranted parts or systems.

Retailer Service

Repairs, adjustments, and service covered by this warranty will be performed by any authorized Volvo retailer at his place of business. There will be no charge for parts or labor (including diagnosis) when genuine Volvo parts or genuine Volvo remanufactured parts are used for any part of the emission control system or for any part which may affect emissions covered by this warranty.

If an emergency occurs and an authorized Volvo retailer is not reasonably available, repairs may be performed at any available service establishment or by any individual, using any replacement part. When a warranted part is not available within thirty (30) days or the repair cannot be completed within thirty (30) days, repairs may be performed at any available service establishment or by any individual, using any replacement part.

Volvo will reimburse the owner for emergency repairs (including diagnosis) that are covered under this warranty. The expenses, however, cannot exceed our suggested retail price for all warranted parts replaced and labor charges, based on Volvo's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate. Replaced parts and paid invoices must be presented at a Volvo retailer as a condition of reimbursement for emergency repairs not performed by a Volvo retailer.

Failure to notify the owner of a decision to honor or deny a Performance Warranty Claim within thirty (30) days from the time the vehicle is initially presented for repair shall result in the vehicle manufacturer being responsible for repairing the vehicle without charge to the vehicle owner, unless such failure is attributable to the vehicle owner or to events beyond the control of the vehicle manufacturer or the repair facility.

You are advised to have all recommended maintenance or repairs on your new 2025 Volvo vehicle performed. Volvo will not deny a warranty claim solely because you have no record of maintenance; however, we may deny a warranty claim if your failure to perform required maintenance resulted in the failure of a warranted part.

Receipts and/or maintenance records covering the performance of regular maintenance should, therefore, be retained in the event questions arise concerning maintenance.

Inspection Program

California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington

The following provisions apply to vehicles which fail to pass the California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia or Washington Smog Inspection. Should your vehicle fail a smog check test during the warranty period, you may choose to have the vehicle repaired at any authorized Volvo retailer. The authorized Volvo retailer will make the necessary repairs within the three (3) year/50,000-mile period so that the vehicle will pass the inspection. After three (3) years/50,000 miles, but before a period of use of seven (7) years/70,000 miles, the authorized Volvo dealer will repair or replace only those parts listed in the article "2025 Model Year Emission Parts List" in this booklet. After seven (7) years/70,000 miles, but before a period of use of eight (8) years/80,000 miles, the authorized Volvo retailer will cover only the catalytic converter, engine control module, electronic rear axle drive (ERAD) and onboard diagnostic device. TZE vehicles identified in the article "Volvo's 2025 New Vehicle Warranties" in this booklet have all emission components except for the hybrid

WARRANTY

battery covered for a period of fifteen (15) years or 150,000 miles. Volvo will pay for the repair unless the failure was caused by abuse, neglect, improper maintenance, or the use of leaded fuel or fuels not recommended in your Owner's Manual or this booklet. If the failure is covered under this warranty, Volvo shall be liable for diagnostic and repair expenses. If the failure is caused by a combination of warrantable and nonwarrantable conditions, the owner shall not be liable for the portion of diagnostic and repair costs relating to the warrantable condition. If the failure is caused by a nonwarrantable condition, the vehicle owner shall be liable for all diagnostic and repair expenses, but not to exceed the maximum permissible under the inspection program. The owner may choose to have the vehicle repaired at a facility other than a Volvo retailer; however, if a warrantable condition is found, the owner must bring the vehicle to an authorized Volvo retailer to have the repairs completed at no cost for parts, labor, and diagnosis. Volvo will not reimburse the owner for diagnostic costs incurred at the unauthorized service facility except in the case of an emergency.

What Is Not Warranted (applies to all models)

1. Required maintenance services as specified in the article "Maintenance Service Operations" in this booklet. Items that affect emissions and require scheduled replacement are warranted up to their first replacement point [such as spark plugs, filters, belts, etc.]. Once these parts have been replaced at the scheduled replacement point, they are no longer covered by this Emission Warranty.
2. Malfunctions in any part directly caused by misuse, improper adjustments (by other than a Volvo dealer during warranty repair work), modification, alteration, tampering or disconnection of system parts.
3. Damage resulting from accidents, acts of nature, or events beyond the control of Volvo.
4. The use of fuel and/or oil, or other fluids which do not meet the Volvo-approved standards as set forth in the Owner's Manual or in the articles "Fuel requirements" and "Engine oil" in this booklet, may not be warranted.
5. Repairs on vehicles for which the true odometer mileage cannot be readily determined.
6. Parts other than genuine Volvo replacement or remanufactured parts used for maintenance, repair or replacement affecting components of the emission control system, unless the non-Volvo part was damaged by a warranted Volvo part.
7. Any loss of time, inconvenience, loss of vehicle use or commercial loss.

Limitations and Disclaimers

California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington
Volvo's written warranty is exclusive and in lieu of all warranties, whether oral or written, expressed or implied.

No implied warranty of merchantability or fitness for a particular purpose shall apply except during the applicable periods of this warranty.

Volvo does not authorize any individual or corporation to create for it any obligation, liability or other warranty in connection with this vehicle.

Volvo's liability, if any, for product(s) furnished under this warranty shall in no event exceed the cost of correcting defects in the product(s) as herein provided and upon the expiration of this warranty, any such liability shall terminate.

 NOTE
This warranty gives you specific legal rights and you may also have other rights. California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington may not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. These states may not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

2025 Model Year Emission Parts List

Mild-hybrid models only

California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington.

The components listed in the chart below apply to **mild-hybrid models** and are covered by the Long-Term Defect and Performance Warranty for seven (7) years or 70,000 miles, whichever occurs first.

 **NOTE**

Components listed as covered by the Long-Term Defect and Performance Warranty for seven (7) years or 70,000 miles, whichever occurs first, have been determined by the California Air Resource Board to be qualified as high-priced components. California determines parts, price and labor costs each year. Therefore, parts covered under the terms of the Long-Term Defect and Performance Warranty are subject to change from year to year.

ENGINE VIN CODE NUMBER

* The Catalytic Converter and the Engine Control Module (ECM) are also covered by the 8-year or 80,000-mile Long-Term Emission Warranty. Please see the list in the article "2025 Emission Warranty Parts List - Federal - U.S. and Canada" in this booklet.

2025 Model Year Emission Parts List

Hybrid models only

Hybrid models only purchased and registered in Delaware and Pennsylvania. The components listed in the chart below apply to Hybrid models and are covered by the Long-Term Defect and Performance Warranty for seven (7) years or 70,000 miles, whichever occurs first.

NOTE

Components listed as covered by the Long-Term Defect and Performance Warranty for seven (7) years or 70,000 miles, whichever occurs first, have been determined by the California Air Resource Board to be qualified as high-priced components. California determines parts, price and labor costs each year. Therefore, parts covered under the terms of the Long-Term Defect and Performance Warranty are subject to change from year to year.

ENGINE VIN CODE NUMBER	
	H6
AC Compressor (Electrical)	X
Active Brake Booster	X
Battery Coolant Pump	X
Battery Energy Control Module HW (BECM)	X
Brake Control Module (BCM2)	X
Catalytic Converter*	X
Charge Air Cooler	X
Chiller Shut-Off Valve	X
Combined Inverter DC/DC (CIDD)	X
Condenser	X
CVVT Timing Device (Exhaust/Intake)	X

ENGINE VIN CODE NUMBER	
	H6
Electric Drive Coolant Pump	X
Electric Oil Pump (EOP)	X
Electric Oil Pump Control Unit	X
Electric Rear Axle Drive (ERAD)	X
Electric Vacuum Pump (EVP)	X
Electrical 3-Way Valve (ED)	X
Engine Control Module (ECM) Hardware*	X
Engine Cooling Fan	X
Electronic Throttle Module (ETM)	X
Fuel High Pressure Sensor	X
Fuel Injector	X
Fuel Pump	X
Fuel Rail (Assembly w/sensor)	X
Fuel Tank	X
High-Pressure Fuel Pump	X
High-Voltage Battery	X
Hybrid Electric Drive (ED) Radiator	X
IGM (Transducer)	X
Integrated Starter Generator (C-ISG)	X

WARRANTY

ENGINE VIN CODE NUMBER	
	H6
Inverter (Electric Motor) HW	X
On Board Charger (OBC) HW	X
Pressure Sensor AC (Hybrid)	X
Rear AC with Shut-Off Valve	XC90 Only
Supplemental Restraint System (SRS) Unit	X
Thermal Expansion Valve (TXV) with Shut-Off Valve	X
Transmission Control Module (TCM)	X
Turbocharger	X

* Are also covered by the 8-year or 80,000-mile Long-Term Emission Warranty. Please see the list in the article "2025 Emission Warranty Parts List-Federal-U.S. and Canada" in this booklet.

Transitional Zero Emissions (TZEV) Vehicles

Model year 2025 vehicles with engine VIN code H6 sold and registered in California, Colorado, Connecticut, Maine, Maryland, Massachusetts, Minnesota, Nevada, New Jersey, New York, Oregon, Rhode Island, Vermont, Virginia or Washington are classified as **Transitional Zero Emissions (TZEV)** vehicles. TZEV vehicles have a defects and performance emissions warranty on all emissions components, except the hybrid battery, for fifteen (15) years or 150,000 miles, whichever occurs first.

Volvo Ownership Change Request – U.S. ONLY

Just a click away

Visit <https://www.volvocars.com/us/form/register-your-volvo> to register as a Volvo owner. You will have immediate access to useful resources and also receive product information and special offers in the future. It's a simple way to stay informed and get even more out of your Volvo experience.

If you don't have access to the internet, contact Volvo Customer Care at 1-800-458-1552. Please be prepared to provide your 17-digit Volvo VIN (vehicle identification number). Your VIN is located on the dashboard or can be found on the vehicle registration card. Ownership changes cannot be processed without this information.

NOTES

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
