

VOLVO HOME SHIPMENT PROGRAM

Volvo offers a host of enviable savings and benefits for customers who plan to return or move from Europe to the USA or Canada. When the time comes you won't have to worry about the trouble and expense involved in shipping your Volvo from Europe. The Volvo Home Shipment Program saves time, money and trouble. Simply drive to any of our Home Shipment locations throughout Europe and we'll ship your Volvo to a retailer in North America. The Home Shipment is valid for U.S.- and Canadian specified cars and it's free except for applicable transfer charges and export declaration fees in Europe, duty and taxes.

'TO DO' LIST

Taking advantage of the Home Shipment Program is easy. A few legal and other formalities have to be observed, however.

YOUR DEPARTURE CHECKLIST

1. You will receive a Volvo Home Shipment voucher with your new Volvo. Keep this valuable document, which proves that you are entitled to the home shipment service.
2. You will also receive a customer registration coupon. Send this, after your arrival in the U.S. or Canada, to Volvo Cars of North America in order to register your car in the service and warranty system. (Not needed for cars purchased from a U.S. Volvo retailer.)
3. If any transport, duty or tax charges apply, payments must be done in the local currency, unless nothing else is stated. The preferable paying method varies between the involved agents.
4. For cars shipped to the U.S. a special catalytic converter document is required by the EPA (Environmental Protection Agency). You will be given this form to fill in when you hand your car over at the authorized Home Shipment Agent.
5. Be sure the car is cleaned before handing it over, because the condition of the car will be inspected prior to transport. Please note! Should the car be dirty the shipping company may refuse to load the car, or the EPA will steam clean your car **at your own expense**.
6. Sign the condition report before you leave the agent's office.

BE READY TO PRESENT THE FOLLOWING WHEN HANDING OVER YOUR CAR FOR SHIPMENT

- The Volvo Home Shipment voucher.
- For U.S./Canadian citizens: Proof of your social security number (copy of the SSN card). For other citizens or if SSN is not applicable: Passport No, Passport issuing country and Date of Birth.
- U.S./Canadian address.
- Phone number and e-mail where you can be reached.
- Copy of your valid registration and automobile insurance.
- A copy of the Order Confirmation and/or Bill of Sale.
- A copy of your Manufacturer's Statement of Origin.
- Copy of your photo ID.
- Power of Attorney:
all U.S.ports: Customs Power of Attorney, forms # 2080
Halifax, Canada: General Agency Agreement.
- Members of the Armed Forces – in addition you must present a copy of your movement order (PCS), to avoid paying import duty in the United States.
- Please do not leave any personal items in the car when dropping off your vehicle.

DROPPING OFF YOUR CAR

The locations below are where you can hand over your car for safe shipment from Europe to North America. If you choose Göteborg there are no extra charges. For other locations a transfer charge is applied (shown in brackets).

Important: You must call or send an e-mail 5 days in advance to confirm your use of the shipping service and to make necessary arrangements, such as method of payment, prior to handing over your car. Please also

check for national holidays. The transfer time from the Home Shipment Agent to the port of departure is 4 to 14 days, depending on the distance and the carrier. Your car will then be shipped on the first available vessel to your destination in North America.

Contact information valid as from January 2015. Please note that address and price information are subject to change without notice.
